## Increase In Jobs Foreseen For Area

**Employment Office Predicts Jump of 1450 Within Next Two Months**

A sharp pickup in Quad-City area employment during the next two months was predicted today by Malcolm Thompson, manager of the Illinois State Employment Service office here, who said the total work force of 61 reporting industries, businesses and services fell off to 17,106 during July.

The July employment, Thompson said, was 1212 workers less than employed in the same reporting firms during May, and 1209 less than the working force of July 1966.

But, Thompson's report added, total number of employees in these same firms is expected to rise to an estimated 18,556 during the next two months, or 1450 more than were employed last month.

Bulk of the projected increase will be in the manufacturing of transportation equipment. Thompson said where July employment totaled 512 compared to May employment this year of 1413. Estimated employment in this field by October is estimated at 1499 employees.

Major industries in the primary metals field are expected to increase employment during the next two months from a July level of 10,478 workers to 10,736.

**Industry to Effect Rise**  
Thus most of the anticipated employment increase will be effected by manufacturers of durable goods who were employing 11,229 workers in July, and expect to have a combined work force of 12,336 by October.

The ISES report showed 12 firms manufacturing non-durable goods expect employment to remain stable, with a possible decline of about ten workers during the next two months. These 12 firms reported employment of 1300 persons last month, compared to 1311 in May, and projected October employment at 1290.

In the non-manufacturing field, 37 industries and business firms reported 477 employees in July, compared to 474 last May, and 454 in July a year ago. These same firms anticipated October employment totaling 470.

A slight decline is projected in government employment during the next two months. A total of 2079 workers in this category during July is projected at 1936 by October. There were 1969 employees in federal, state and local government jobs last May, and 1849 in July, 1966.

**PFC DONALD BROWN**  
Wounded in Action

## Pfc Donald Brown Steps on Mine, Loses Right Foot

Pfc Donald Lee Brown, son of Mr. and Mrs. William Brown, 581 Filmore street, Venice, was wounded in action in Vietnam on Monday, his mother was informed by telegram Tuesday morning.

The soldier stepped on a mine and sustained metal fragments to the left leg and traumatic amputation of the right foot. The telegram said the accident was the result of hostile action. "He was setting up a mine for defense against hostile forces when he accidentally stepped on a friendly mine," the wire continued.

"He was treated at the Seventh Surgical Hospital, APO San Francisco, Calif., and is being held for further treatment." He may receive mail at that address.

The Army said he is not considered to be in serious condition and the best medical facilities and doctors are attending him.

Pfc Brown, 23, flew to Vietnam three weeks ago Tuesday and has been in the service since Feb. 21. Before entering the service, he was employed as an electrician's aide for the state of Illinois.

His mother said he may remain in the hospital in Vietnam for about six weeks before returning to the U. S., and that extensive treatments will be required.

## Madison School Budget Drops

**\$1,884,091 Total is \$371,157 Less; No New Buildings This Year**

The Madison board of education adopted a tentative budget totaling \$1,884,091 for the 1967-68 fiscal year, a decrease of \$371,157 from that of last year, during a meeting Tuesday night. A public hearing and final adoption is scheduled for Sept. 18.

The cut came as there is no provision for new school buildings this year. Last year \$500,497 was appropriated for additions to Madison high school and Dunbar school.

The educational fund budget was increased by \$169,765 up to \$1,349,513. Overall salary increases totaled \$131,216 for wages ranging from administrators and teachers to cafeteria and custodial personnel.

**Teacher Contracts**  
Teacher contracts are still pending, with negotiations expected to resume with the start of school late this month.

Also in the budget are the Illinois Municipal Retirement Fund, \$25,300, up \$190; pupil transportation, \$22,207, up \$307; Project Uplift, \$140,816, down \$69,018; library, \$6100, down \$139; school lunch, \$89,850, up \$305; building fund, \$145,200, up \$32,992; bonds and interest, \$105,025, up \$1701; and new buildings, none, down \$502,466.

No new provision was made for the salary of the superintendent of schools, Raymond Drigh, who was reappointed. Last year the salary was \$15,000 plus auto expenses.

A breakdown of the educational fund budget shows:

**Educational Budget**  
Administration—superintendent and administrative assistant, \$28,500, up \$12,500; legal-salary, \$3000, same; legal-costs, \$1800, up \$1800; treasurer-salary, \$1200, same; clerical-salaries, \$25,400, up \$2210; audit, \$700, same; supplies, \$4500, up \$1000; travel-expenses, \$1200, same; travel, \$2600, same; election, dues, \$1200, up \$300; total, \$70,160, up \$23,710.

**HOME BASE** for all Union Starch & Refining Co. officers will be the local plant shown in this aerial view. The firm announced today that it is moving the home offices here from Columbus, Ind. This view from the southeast shows the plant at 19th and Railroad tracks and a portion of West Granite.

**GENARD FINLEY**  
Drowning Victim

## Genard Finley, 39, Drowns While Fishing at Night

Genard E. Finley, 39, of 2800 Wayne avenue, lost his life while night fishing alone early this week on the Illinois River near 12-Mile Island, north of Pere Marquette State Park and near Rosedale, Ill.

Mr. Finley was out in a 14-foot boat Sunday night, and his body was recovered Monday a quarter-mile north of the Ski Harbor resort and nearly a mile downstream from the family's cabin, where Mr. Finley, his wife, June, and son, Larry, were spending the weekend.

According to Jersey County Coroner, Rodney C. Jacoby who will conduct an inquest, Mr. Finley was found floating in the river by James Galore of Field, Ill.

A number of individual boat rescues were reported in the area.

## Union Starch Co. Is Moving Main Offices to GC

**Clean Air Head Denies Split On Local Control**

The Granite City Air Pollution Control Board is united in its desire to take over local enforcement of air pollution regulations, Henry Bieniecki, chairman of the Granite City Board, said today.

The statement was made in a letter to John G. Warren, Mayor, chairman of the Illinois Air Pollution Control Board, in response to assertions last week by Clarence W. Klassen, secretary of the state board, that Granite City has a long way to go before it can take over responsibility of full local enforcement.

Klassen and several members of his state staff met Aug. 8 with the Granite City board to discuss procedure under which the local board eventually could secure a state exemption certificate which permits local boards to enforce air pollution standards.

Klassen later said he received the impression that the Granite City board was divided in its desire to assume responsibility for local enforcement. Klassen said the Granite City board requested the state board to review the city's recently amended control ordinance, but not with a view toward obtaining an exemption certificate at this time.

**Says He Misunderstood**  
Referring to the meeting with Klassen, Bieniecki said, "It is clear he (Klassen) has again misunderstood the intentions and plans of the Granite City board in local enforcement."

"The Granite City board is united in its desire to accept the responsibility of local control and they intend to effectively enforce the new rules and regulations adopted."

Bieniecki added that the board was not requesting exemption at this time, although efforts would be directed toward that goal, and that the main purpose of the cooperation with the local board during the transition period is a formal request for exemption.

"I can only conclude that Mr. Klassen's interpretation of the request and that his stated intentions of support is not fact."

Bieniecki also told Warren that Granite City "recognizes the present dual responsibilities in the Granite City area, and it intends to follow through with plans to bring about air pollution abatement at the local level."

The mayor said he had heard the firm was planning to locate the main offices in the area outside of Granite City, but that he was able to persuade the officials to move here.

Other executives of the firm are here for the dinner, said Lehan F. Beardsley, vice-president of Miles Laboratory, Earl W. Venable Jr., senior attorney for the firm, and Paul Campbell, director of industrial relations, all of Elkhart.

The mayor said he had heard the firm was planning to locate the main offices in the area outside of Granite City, but that he was able to persuade the officials to move here.

Approximately 70 Columbus-based employees are involved in the move. Most of them have been offered the opportunity to continue their employment with Union Starch in Granite City or Elkhart.

**Purpose of Move**  
According to Hoyt, the move is being made to more closely coordinate and manage the administrative, sales and manufacturing functions of the company.

The local plant which is a basic corn wet-milling operation, employs about 600 persons. Its products include corn syrup, corn starch, caramel color, gluten feed, gluten meal and corn oil which are sold to such industries as food, paper processing, tobacco and textiles.

Union Starch operations are not just limited to the local facility. It also has a plant in Edinburg, Ind., which manufactures synthetic non-chloric sweeteners known as cyclamates and also has manufacturing interests in Mexico, Colombia, Peru and the Philippines.

B. J. Hunter, vice-president of domestic operations, who returned from Columbus last month, said an area of the syrup house is being remodeled by the G. H. Sternberg Co. of Granite City for the new offices. "The work is just getting started," he said.

**Mayor's Comments**  
Mayor Partney said the move to Granite City will be a boon to the city. He estimates that about 35 persons will move here from Columbus, and he is urging them to live in Granite City.

"The purpose of the dinner tonight is to let these people know what we have to offer here," he said. Invited to the dinner are local civic, business and financial leaders as well as representatives of the school and park district.

Other executives of the firm are here for the dinner, said Lehan F. Beardsley, vice-president of Miles Laboratory, Earl W. Venable Jr., senior attorney for the firm, and Paul Campbell, director of industrial relations, all of Elkhart.

The mayor said he had heard the firm was planning to locate the main offices in the area outside of Granite City, but that he was able to persuade the officials to move here.

## New Offer Scheduled In Mechanics Strike

Negotiators for the Madison-St. Clair county Automobile Dealers Association were to make a new offer today to striking members of Lodge 313 of the International Association of Mechanics, District 5, who were reported ready to vote on the offer in another meeting this afternoon.

Approximately 400 auto mechanics and body men working for 57 new cars spread over two previous offers which featured a total wage increase of 31 cents an hour spread over three years. The 400 mechanics in this area have been on strike since July 21 when a contract extension expired.

Striking auto mechanics in St. Louis area also are to vote this afternoon on an offer submitted yesterday by the Greater St. Louis Automotive Association. St. Louis mechanics are members of Local 777 of the IAM.

## GC Civil Defense Offers Part B of "Law & Order"

The second and final part of the Granite City Civil Defense course "Law and Order Training for Civil Emergencies" will begin Tuesday night, Aug. 22, and continue for the following 13 Tuesdays.

Like the first part, which ended in April, Part B of the course is open to the public and free of charge. It consists of a series of two-hour lectures and discussions, beginning 7:30 p.m. at the Civil Defense Building, 1411 Nineteenth street, on basic concepts of police work.

Members of the Granite City police department, the Madison county sheriff's office and the Granite City Army Depot will deliver the lectures. There will be no exams or academic credit.

The first lecture is entitled "Laws of Arrest, Search and Seizure." It will be given by a member of the Granite City police department.

The Civil Defense office also announced that it is taking applications for membership in its organization. Membership is open to the public and free of charge. Interested persons may pick up application forms at the Civil Defense Office.

## Five Resign, Six Hired in Madison Schools for Year

The Madison school board accepted five resignations and employed six persons at a meeting Tuesday night.

Submitting resignations were Miss Gail Floyd, second grade teacher at Blair school, who moved to Chicago; Miss Dorothy M. Hanner, business teacher at Madison high school, because of illness; Mrs. Alice McCurtis, third grade teacher at Blair school, who moved to California; Mrs. Helen Metcalf, homebound teacher, because of illness; and Mrs. Lorraine Horton, Blair school clerk, who accepted a position with the federal government.

Hired were Mrs. Delores Ann Ameiss of Madison as MHS business teacher, Mrs. Helen Christ of Madison as first grade teacher at Harris school, Miss Willie Mae Parker of Madison as second grade teacher at Blair school.

Miss Gloria J. Whitfield of St. Louis as third grade teacher at Blair school, Mrs. Louise Jimmerson as an aide at MHS and Mrs. Gladys Watts as a clerk's aide at Blair.

Mrs. Ameiss is a June graduate of Southern Illinois University, Mrs. Christ received her bachelor of arts degree from Hastings College and her master's degree from McCormick Seminary in 1958. Miss Parker is a June STU graduate and Miss Whitfield is a 1956 graduate of Fontbonne College, St. Louis.

## Rotarians Discuss Aims, Purposes, Goals

The Rotarians weekly luncheon meeting at the YMCA Tuesday was devoted to emphasizing the overall objectives and achievements of the club in community relations.

Program chairman William Mehl introduced as his first speaker Warren Decatur, an active Rotarian, who spoke on the need for the club to expand its membership and to engage in more community work projects.

Decatur announced that the membership drive would be launched to try to increase the present number of 60 Rotarians to 90 by next July.

Loren Davis spoke about the community service which the Rotarians had given over the past year, mentioned the \$6000 brain wave machine which the club had donated to St. Elizabeth Hospital, and the projectors which had been given to high schools. He expressed the hope that the Rotarians would outdo these contributions over the next year.

A speech on efforts the Rotarians might make to improve the conditions of physically handicapped and underprivileged children followed. It was given by Harold V. Thomas, Granite City high school counselor.

Rev. Paul Sims of Niedringhaus Memorial Methodist Church, Granite City gave the concluding speech. He talked about the Rotarians' efforts around the world in promoting peace and understanding between people.

## NFO Seeks Unified Price Boost Action

Approximately 65 members of the National Farmers Organization were on hand Tuesday afternoon in Des Moines, Ia., for a special "meeting for action" sponsored by the strong national farmers' group.

Delegates voted to support unified action in effort to raise farm prices, specifically in such commodities as corn, wheat and soybeans. Increases in current market prices per bushel proposed by the NFO are corn to \$1.50, wheat, \$2, and soybeans to \$3 per bushel.

Should satisfactory results not ensue from the proposals voiced Tuesday, NFO members voted to support an all-out holding action to raise prices of all farm products. If placed in effect, it will be the first time such hold-out efforts have been executed on a national basis. Earlier this year, farmers in several mid-western states staged a hold-back action to obtain higher milk prices.

Gov. Harold Hughes of Iowa gave the opening address Tuesday. Principal speakers were Homer Jackson of Rifle, Colo., farm credit official for the Producers' Marketing Association and Edward Wiemer of Covington, Ky., a representative of the National Federation of Independent Business.

## GC Jaycees Will Host Fall District Meeting

Granite City Jaycees' bid to host the fall District Eight meeting here has received official approval, it was announced last evening by Michael Day, Jaycee president.

The event will take place Saturday, Oct. 21, with Jaycee members representing 30 District Eight chapters, accompanied by their wives, expected to attend.

Ted Nieschke and Richard Moore were named to head the arrangement committee. Announcement of the local organization's successful bid for the district conference was made during a monthly business meeting, held at the Jaycee Clubhouse in conjunction with an "Italian-style Supper." Members of the Granite City Jaycees prepared and served Italian spaghetti and appropriate side dishes.

Plans were made for the annual Jaycee-sponsored "Road-Ed" and safety inspection to be conducted for local youngsters between 9 a.m. and 1 p.m. Saturday, Sept. 23. Jerry Lockhart and Wayne Siegrist were appointed co-chairmen. Location of the project will be announced at a later date.

Thirty-five members attended last night's meeting, including five newcomers. New Jaycees introduced were Gary Delahoye, Jerry Hagler, Harry Johnson, Mike Romero and Jerry Oxford.

## Guaranteed Classes to Start At Two Centers of SIU-SW

Students at Southern Illinois University-Southwestern Campus Alton and East St. Louis teaching centers won't have to worry this fall about having their scheduled classes canceled or their meeting times changed.

Heretofore, if a class did not have the required number of students registered, the professor could cancel the course, often disrupting a student's overall academic program. According to Prof. James Brown, assistant to the vice-president for academic affairs, the "Guaranteed Center Schedule" being inaugurated at SIU-SW's Alton and East St. Louis centers insures each student he will be able to take all the courses he has registered for and that he will not be inconvenienced by a shift in time.

A brochure explaining how a year's guaranteed program can be planned will be ready for distribution next week (Aug. 21), Brown said.

Advanced registration is being held at the Alton center this week from 8 a.m. to 7 p.m. and will be held in East St. Louis during the week of Aug. 28 at the same hours. Central registration for the program at both centers will be held Sept. 18-19 from 8 a.m. to 7 p.m.

## Community Action Team At Alton State Hospital

The Madison County Unit of Alton State Hospital has selected six staff members from their unit called the Community Action Team. Its members are Tom Moehn, social work supervisor; Betty Dehne, industrial therapist; Ron Randall, social worker; Vivian Higgins, RN; and Hil-die DePetrakis, supervising nurse of Madison county unit.

The committee was formed to improve contacts within the community to find the following needs for patients being discharged from the hospital. They are: housing, employment, recreation and social and psychological adjustment.

The committee's goals are to utilize community resources, establish better communications between the hospital and the community, improve community education through various agencies and organizations and to improve the personal education. The Community Action Team met recently with Alton Mayor Clyde Wiseman in regard to the Southwestern Council for Employment of the Handicapped.

Aided by SW Mayors This group, sponsored by the Southwestern Council of Mayors, is being formed to help coordinate efforts of many Alton area agencies involved in the employment of handicapped people. Their goal is to see that no handicapped person is left out of a program to either be rehabilitated or to be employed.

The hospital committee's concern was to insure that the mentally handicapped would be included in this program. Mayor Wiseman readily assured them that the mentally handicapped would be given the same consideration as those with physical disabilities. However, the pilot program of the Southwestern Council has met only once and further information will have to be gathered in order to establish a program for the mentally handicapped.

In this field, the Community Action Team of the Madison County Unit at Alton State, hope to incorporate and establish an intensified program to aid patients being discharged from the hospital.

Meeting Held Here

More recently, the team from Alton State met with the Quad-City Social Concern Advisory Council at St. Elizabeth Hospital, Granite City, for their organizational meeting. This council is composed of more than 12 various agencies and organizations of that area. The council is divided into four major concerns with committees consisting of: health, recreation and group work, aging and children and family concerns.

Through this council studying the problem within their area as to employment and housing, for the handicapped, both physical and mental, new programs will be instituted to meet the people's needs.

Two representatives from Alton State serving on the Community Action Team have been requested to serve on the Quad-City Social Concern Advisory Council, however their names will be announced at a later date.

Within the last few years, mental health workers have proven that as more patients are taken into the community to take part in their recreation facilities such as church groups, educational training classes, the more rapidly that patient returns to good mental health. As the team becomes more involved in various community functions, new avenues will be opened for the treatment of the mentally ill. Through better communications, the community will be able to take advantage of and use the facilities at Alton State Hospital.

#### Vandals Damage Home

Mrs. Robert White, 2225 Cardinal avenue, reported to police at 8:45 last night that vandals had hurled a brick through the front storm door at her home.

#### Autos Collide

Involved in a collision at 18th street and Madison avenue Wednesday morning when motorists were leaving and entering Houser Automotive Co. were a car being driven off the lot by Harry Hamilton of Springfield and one being driven onto the lot by John Presley, 612 Barkley avenue.

#### Centenarian Improving

From Pleurisy, Pneumonia  
Mrs. Minnie Richardson, 1815a Delmar avenue, who observed her 100th birthday July 8, is improving at St. Elizabeth Hospital from an attack of pleurisy and pneumonia. She entered the hospital last Sunday.

#### Fast Pace

The more time-saving devices people get, the less spare time they seem to have.

#### Seek Return of Inactive Nurses To Health Work

The new program is made possible through a one-year contract just signed by the Illinois Nurses Association with the U. S. Department of Health, Education and Welfare, which is negotiating contracts with groups in a number of states to encourage retraining active health personnel.

Terms of the contract include a grant of \$45,000 to finance salaries of a nurse coordinator, administrative assistant, office, equipment, and administrative costs.

Main objective of the program will be to locate and recruit inactive health personnel, particularly using the research on inactive nurses recently completed by the Illinois Study Commission on Nursing. The survey, co-sponsored by the INA, is due to complete by the year's end. Its recommendations for meeting nursing needs in Illinois projected to 1980.

#### Amsted Buys Stock Of Wire Rope Firm

Over 90% of the outstanding shares of Macwythe Co. stock had been tendered to Amsted Industries when the second offering period expired at 5 p.m. Tuesday, Joseph B. Lanterman, Amsted's president, announced today at Chicago. He stated that Macwythe results would be consolidated with those of Amsted as of Aug. 1.

Amsted's offer to purchase Macwythe stock at a cash price of \$41.50 per share was first made on July 12 with the full support of Macwythe's management. The initial offering period ended on July 31. Lanterman said that Amsted does not plan any further extensions of its tender proposal.

#### Stanley Hoffman

In SIU Glee Club  
Stanley Hoffman, 1620 Clark avenue, is one of the students at Southern Illinois University, Carbondale, who will take part in a 16th century oratorio with instrumental arrangement by Robert Kingsbury, SIU director of choirs, to be presented by the Summer Male Glee Club at its concert Thursday, Aug. 24.

Van Robinson of Elkhart is accompanist for the Glee Club and Richard Skatko of Bensenville is student manager. The concert will be presented in the University Center ballroom.

## MORE ABOUT

### Audit

incurred after the close of an official's term of office be allowed.

It also was found that financial records of Fraundorf's term were in his possession after the expiration of his term at office, and the auditors recommended that all county financial records be retained in the custody of the county.

The report noted that the county has adopted more modern accounting methods recommended previously but said there could be a substantial improvement of financial records and procedures if all the accounting functions were centralized.

County Auditor John L. Kraynak said the accounts cannot be centralized, as "we do not have the statutory power to centralize the records. The fee offices have the responsibility of maintaining their own accounts," and the law will have to be changed to provide centralization.

The report was distributed to supervisors at the end of the meeting and is to be discussed at the Sept. 12 meeting of the board.

### Landfill Report

A report of a steering committee meeting was presented by Leslie Pehn, chairman, on the county's landfill problems. He said efforts are being made to determine a legal and satisfactory solution.

There was no discussion on suggestions that a mandamus suit be filed to enforce administration of a resolution outlawing dumping at county landfills by outside county residents.

Pehn said incinerators would be a solution, but that the expense and would take years to develop, or that the county could own and operate its own landfills and remove the responsibility from individuals.

Prior to the meeting a petition was presented to the board by the Chouteau Island Citizens Association to call a public hearing on operations of the Chouteau Island landfill, but the petition failed to draw discussion during the session.

### Detention Home

The board approved plans for construction of a county juvenile detention home and authorized submittal for construction bids.

Plans and specifications will be available to contractors about Sept. 10, and bids may be opened about Oct. 1.

The home will cost about \$450,000, with an additional \$100,000 for equipment, and is to be located on the Madison County Tuberculosis Sanatorium property near Edwardsville.

The board approved a motion to set aside land adjacent to the Fostair airport in Nameki township for possible expansion of airport facilities for another year.

By a 30-15 vote, the board increased the salary of Dr. Paul Mitchell, county veterinarian, from \$9600 to \$12,000 a year as provided by the State Legislature this year. The state and county share the cost. Dr. Mitchell's contract was renewed for another year.

Disbursements to community mental health centers by the county treasurer included \$11,250 to Special Services, Inc., at Alton, \$13,710 to the Madison county mental health center in Grant City, \$11,530 to the county mental health center in Alton and \$960 to the Association for

## 15 SIU-SW 'Teach-In' Speakers Discuss War

Five of 15 speakers at a day-long "teach-in" Tuesday at Southern Illinois University-Southern campus urged continuance of the war in Vietnam because the United States is fighting communism as well as for the freedom of Vietnam.

Three of those favoring U.S. policies in the war were clergymen. Nine SIU faculty members and a professor from the University of Missouri opposed the war. A former Green Beret, now an SIU student, and one SIU professor joined the three clergymen in favoring continuance of the war.

Attendance at the teach-in, sponsored by the SIU Committee for International Concern, varied from 100 to 200 persons throughout the day. The program offered continuing speakers from 10:30 a.m. to 8 p.m. with listeners attending at different times of the day.

The teach-in was the first program of its kind designed to present a discussion on current topics. The United States State Department was asked to send a qualified spokesman to participate in the program, but declined to do so.

## Mrs. Fanny Hyman, 62, Dies; Ill Five Years

Mrs. Fanny Lee Hyman, 62, of 3906 Kirkpatrick Homes, succumbed to a five-year illness at 2:35 a.m. today at St. Elizabeth Hospital. Admitted at the hospital Sunday, she had been a patient there on several previous occasions.

Mrs. Hyman was born at Benton, Ill. She had resided here for the past 12 years and had lived in Bethalto prior to that time. She was a member of Sacred Heart Catholic Church.

Surviving are her husband, Henry Hyman; one daughter, Mrs. Otto (Virginia) Fischer of Carbondale; three sons, Mrs. Eibel Tisdell of Bethalto, Mrs. Mary McGowan of Wood River and Mrs. F. L. (Clyde) Collins of McGowan, Tenn.; her mother, Mrs. Emma Miles of Bethalto; and three grandchildren.

Funeral arrangements are given in today's obituary column.

## Drum and Bugle Corps To Honor Bob Hope

Seven Quad-City area youths are in the Belleville Black Knights Drum and Bugle Corps which has been selected to represent Illinois veterans groups for a salute of the Bob Hope show today.

The corps was selected to help honor Bob Hope, who is appearing at the fair, because of their past national ranking — 14 national titles in 14 years.

The Black Knights will also escort Gov. Otto Kerner to the grandstand today, which is the fair's Governor's Day.

### Researcher Finds—

## Paper Dresses are Practical But Need to be Resistant

Paper dresses are practical and quite acceptable as disposable garments if the "fabric" is resistant to water, flame, and wear, a Southern Illinois University researcher has concluded at Carbondale.

Barbara Ann Ernst of Farina, for her graduate thesis, has conducted a scientific study of paper dresses, bolstered by having three fellow graduate students actually wear the garments eight hours a day for several days.

Miss Ernst, who is completing the master's degree in clothing and textiles this summer, tested three factory-produced styles and obtained yardage of paper fabric from which she made two

styles. She provided each of her "models" with all five garments and returned one set for laboratory testing.

Using the wide variety of equipment in SIU's textile testing laboratory, she checked out color fastness, fabric strength, stiffness of the cloth, abrasion resistance, water repellency, absorbency, and flammability.

Of the five fabrics, one was unsatisfactory because of flammability hazard and another because of poor wear resistance.

"The other three dresses were water resistant, flame resistant and wear resistant, acceptable for three eight-hour days of wearing," she said. "The wearers enjoyed the convenience of the disposable garments because they eliminated the need to launder or dry clean."

## Seaman Berry Aboard USS Calcoosahatchee

Seaman Robert C. Berry, USN, son of Mr. and Mrs. William H. Berry of 3708 Johnson road in Newport, Rhode Island, aboard the fleet oiler USS Calcoosahatchee.

His ship, a unit of Service Squadron Two, Service Force, U. S. Atlantic Fleet, recently returned to Newport, her home port, after steaming more than 17,000 miles on fleet operations during June and July.

During this period, his ship visited Rio de Janeiro, Brazil, where members of the crew visited the famous giant statue of Christ atop the Corcovado Mountain. They also viewed Sugarloaf Mountain, another world famous landmark which rises out of Guanabara Bay at the edge of Rio.

The main job of the ship is to replenish the fuel supply of other Navy ships.

## New Careers Project Board is Named

James E. Bailey, president of the Madison County Economic Opportunity Commission, this week announced the appointment of five commission members to a bi-county advisory committee for the New Careers Project. Additional appointments are to be made by the St. Clair County EOC.

Those named to represent Madison county, include Roy Lynn, Granite City, Hugh Hairs-ton, Venice, Thomas Weston, Madison, and Charles Hearn and Floyd Galtner, both of Alton.

A federal grant of approximately \$400,000 recently was awarded to implement the bi-county New Careers program.

Extensive training of persons between 16 and 22 years is the primary object of the federally-sponsored project.

Making excuses is no problem, but only a few men are clever enough to make them fit.

## Burglar Makes Self At Home In Trailer

A burglar broke into the trailer of Gwendolyn F. Patterson at the Chain of Rocks Trailer Court, on old Bypass 66-40 near Mitchell yesterday, ate food from the refrigerator, and apparently slept in the bed.

Before leaving, the intruder took an old coin collection, a new watch and from \$60 to \$70 in cash, according to a report made to the sheriff's office last night.

## Grid Rules Changes Explained by IHSA

IHSA-sponsored football rules interpretation meetings will be held in 21 different sections of the state by interpreters who studied the high school code Monday and Tuesday in Chicago. A schedule is to be announced.

Only a few minor changes are included in the 1967 high school code.

Unless there are extenuating circumstances, the clock will be started when the ball is placed ready-for-play following the administration or declaration of a penalty.

The length of a charged timeout has been reduced from two minutes to 1½ minutes.

Both of the above changes were brought about as the result of a 1966 rules change that called for stopping the game clock whenever team possession changed and whenever the yard chains had to be moved following the awarding of a first down.

The 1966 change resulted in extending the over-all length of the game, and the two new changes should compensate for it.

The referee is authorized to assess an additional 15-yard penalty for unsportsmanlike conduct which follows a previous foul by the same team.

This revision will eliminate the possibility of a player or coach exploiting the provisions of the multiple foul rule which previously did not permit the referee to penalize a player or coach for committing a foul which was unsportsmanlike in nature and which occurred before the penalty for the first foul had been accepted or declined.

Another score turned in Monday was 20-15 in favor of Tony & Joe's over Coachliffers.

Ren Homyer had three singles for three times at bat. He scored three runs during the game.

Scoring for the Coachliffers was done mostly by Paul Frawley and Charles Ganz who each contributed four runs and two doubles and two singles.

A Midtown Pharmacy won by forfeit from VFW in a final contest.

**Coch Roy Lee Joins Teaching Staff at SIU-SW**

Roy Lee, head baseball coach at St. Louis University for eight years, has resigned to accept a teaching position at Southern Illinois University-Southwestern campus, effective Sept. 30.

Former physical education director of the Collinsville Unit 10 Elementary School District, Lee will be an instructor in the Education Division at SIU-SW and will be a member of the faculty of health, recreation and physical education, headed by Zadia Herold.

A graduate of Bowling Green State University, Lee received his master's degree in education from Washington University where he has also done work on his doctorate. A one-time member of the New York Giants' baseball team, he has completed several studies on the game.

Lee is married and the father of two sons, one a junior at Western Kentucky University, the other a freshman at the junior high school in Collinsville. He and his family reside at 936 St. Louis road, Collinsville.

JERRY LINE

## Jerry Line Expected to See Action with Illini

Jerry Line, former Granite City high school football star, is expected to see action with the University of Illinois football squad this fall.

A 216-pound junior who saw only limited action last season, he had an impressive spring

intra-squad game and could become involved in a three-way battle for his starting right tackle assignment, along with Herschel Johnson and newcomer Mike Hogan.

The Illinois coaching staff says that the other two have the edge on the Granite City scrapper at the moment, but he is rated as one of the top three reserves.

Line earned all-state honors at guard for coach James Morrison at GCHS where he earned three letters in football and three in track.

He is the son of Mr. and Mrs. Stephen Line, 2101 Woodland avenue, and is enrolled in commerce at Illinois.

The Illini will open a six-game home schedule against Pittsburgh Sept. 30 in a Loyalty Day contest.

Other home dates include: Sept. 7, Indiana ("I" Men's and Chicago campus day); Oct. 14, Minnesota (Homecoming); Oct. 21, Notre Dame; Nov. 4, Purdue (Dad's Day); and Nov. 11, Michigan.

Games away include: Sept. 23, Florida; Oct. 28, Ohio State; Nov. 18, Northwestern; and Nov. 25, Iowa.

Tickets are available for all games except Notre Dame.

The AC team had an impressive year in the 1966 season, tallying a 47-3-3 record traveling from Pacific, Mo. to Baldwin, Ill.

During the Khoury tournament in St. Louis the AC team posted an 11-1 final standing.

The local league teams found the Mitchell team hard to beat. Mitchell won 22 games and lost only two in the '66-67 season. The

## Kiwanis-Bow Line Boat Races Sunday on River

With the crack of the starter's pistol at 1 p.m. Sunday, more than 100 high-speed racing boat drivers will flash toward the official starting line, inaugurating the Sixth Annual Boat Races on the Mississippi River, near the Hartford Canal.

Several international and national champion drivers will compete for \$800 in prize money, including Billy Seebold of Granite City, who captured the world championship title for Class "C" racing runabouts Aug. 6 in the American Power Boat Association's 1967 classic at DePue, Ill.

He is the first racing driver to win the coveted championship three consecutive years.

Cosponsored by the Granite City Kiwanis Club and the Bow Line Boat Club, the race event annually attracts close to 2000 spectators to the riverfront area, near the entrance to the Hartford Canal.

Tickets, at 50 cents per person, may be obtained in advance from members of the two local clubs, or at the race site Sunday.

The meet is to be held under the auspices of the National Outboard Drivers' Association.

An excellent and unobstructed view of the ensemble oblong course will be afforded spectators, who also are guaranteed ample parking facilities, meet officials explained.

According to Bow Line Boat Club directors, an additional parking area has been cleared this year to accommodate approximately 750 vehicles.

Race officials explain the two principal categories of racing craft which spectators will see in action here are the hydroplane and runabout.

The hydroplane is a type of boat that planes along the top of the water's surface, eliminating both drag and friction, and relying on the speed of the water to lift it.

Also designed to plane off the top of the water, the runabout does not incorporate, however, the special air foil features of the hydroplane and does not raise itself from the water during a race. The runabout has a straight bottom, either flat or round, rather than the concave appearance.

Racing boats measure between eight and 12 feet in length and weigh up to 135 pounds, depending on the classification and cubic-inch piston displacement of the engines. Professional racing motors are classified according to engine displacement.

Explaining some of the racing procedure, Sidney Daugherty, commodore of the Bow Line Boat Club, pointed out that drivers are warned five minutes before each heat by a warning shot and a red flag hoisted on the official judges' stand.

One minute prior to the race, drivers will jockey for advantageous positions taking care not to cross the starting line which results in disqualification.

Daugherty said that simultaneously with the firing of the one minute signal, a white flag is displayed and the big clock on the judges' stand begins ticking off the last minute before the start. The clock can easily be seen by the boat drivers who make skillful maneuvers in approaching the starting line.

Drivers time the speed of their engines so that they can cross the starting line at the second the clock hand strikes the last second of the final minute. The white flag is flashed down and the race is on, Daugherty said.

As a safety precaution, once a driver enters the "shoot," an area approximately 500 feet before the starting line and marked with a red and white buoy, he must drive in a straight line toward the start and cannot turn right or left, the boat club official explained. This rule protects other drivers who are concentrating on the clock as they approach the racing field, he added.

In addition to the Class "C" runabout championship won in the northern Illinois event, Seebold, 26, whose boat racing career started at the age of 11 years, also took first place in the Class "D" hydroplane event.

Recent the Granite Cityan led all drivers in total points accumulated in the annual North-South contest, staged at Lake Lowden, Knoxville, Tenn., scoring three first-place victories. His next world championship at Lake Lowden was made in October at Alexandria, La.

Serving as planning coordinators for the two local clubs are Wilbur Waggoner and Bill Seebold sr., GC Kiwanis, and Daugherty, representing the Bow Line Club.

With the exception of the initial two races Sunday which are confined to Class "B" and "D" runabouts and open to semi-pro drivers, all events are in the professional ranks.

Sacred Heart will play against the Polish American War Veterans at James Park in East St. Louis. The Hearts could decide third place in the Red Division if they can better their 8-10 record against the 7-11 record of Polish American.

In other contests slated for this week Collinsville Molitor Motors, second in the Red division will travel to Pocatones, third in the Blue division, to play the Braves. Molitor Motors still has an eye on first place for the year, being only a game away from a tie. If they can stretch their 12-5 record against the 9-8 record of Pocatones they still stand a good chance against the high flying Troy Red Birds. Troy will take a 1-3 record into Maryville, who posts 5-12, to play the Red Sox.

**Large Sailboats Must be Registered**

Anyone who operates a sailboat over 12 feet long in Illinois waters must register it and display a number on the hull, William T. Lodge, director of the Illinois Department of Conservation, said today.

"Many sailboat owners have not received the messages," Lodge said. "At least, few of them have made any attempt to comply with this provision of the new boating code."

Applications for certificates of numbers may be obtained from the Motorboat License Division, Illinois Department of Conservation, Room 106, State Office Building, Springfield, or local marine dealers.

The fine for operating an unnumbered sailboat over 12 feet long is from \$10 to \$100.

## Abel's, Clark's Take 'C' Games In Park League

Abels Auto Body squeaked past Brandings Service Station 9-8 on a last inning run in a class C league softball game at Wilson Park Wednesday evening.

John Allen scored the winning run after previously being walked. Al Taylor lined a shot to right that was too much to handle and Allen scored.

Rich Love scored twice for Abels on two consecutive singles. He was helped by Al Taylor, Bob Crider and Gary Wilborn. They each hit two singles for the night. The winning pitcher was John Allen and the loser was Walt Volkmeyer.

In another class C game, first-place Clark's Vikings defeated Busy Bee 14-5.

Jim Rains led the 18-hit pounding as he homered, tripled and hit two singles.

Ken Fowler was the winner, allowing only eight hits. His opponent was Tom Holloway.

**GROUNDHOG WITH TUSKS** that was shot this week by Jack Rainey, 2625 Center street, while he was hunting near Red Bud. Rainey, a local industrial plant employee, said he has shot many a groundhog in his day, but never before had gotten one with tusks.

## Prof Gives Hints on Bottle Feeding Baby

Bottle-fed babies should be fed in the arms of mother or means of a bottle-prop, believes father, instead of self-fed by a Southern Illinois University child development specialist.

Michael Zurich, associate professor at Carbondale, said the infant "needs to associate feeding with the warmth of the parents' affection."

He also warned that the baby should be allowed to abandon it when time comes for weaning.

"This possessiveness may even allowed to have control of it, and lead to thumb-sucking," he added.

up at the end of the feeding period and to abandon it when time comes for weaning.

The first annual Homer Johnson award was presented to Mark Hatcher and Jane Galt.

## 300 Attend Paddlers Swim Club Banquet

A happy throng of over 300 people jammed into the Granite City VFW Hall on Wednesday night as Paddlers Swim Club, which recently completed a highly successful season, celebrated its annual banquet.

The presentation of awards followed the smorgasbord dinner, served from 6 to 7 p.m. Keith Parker, pool manager, was the master of ceremonies.

The following boys and girls were voted the outstanding swimmers in their age bracket and received trophies:

8 & Under—Tom Tarpoiff and Mary Beatty.  
9 & 10—Bill Skirball and Karen Reisinger.  
11 & 12—Mark James and Kathy Lancaster.  
13 & 14—Eric Cunningham and Ann Blackhaus.  
15 & 17—Pete Sabin and Mary Allen Dunn.

Perry Dillard and Gail Thompson received trophies for being voted the outstanding divers while Tom Tarpoiff and Jane Galt won the coveted "Most Improved" award. Bill Beatty and Mary Dunn were selected co-captains of next year's team.

The first annual Homer Johnson award was presented to Mark Hatcher and Jane Galt.

## Football Rigging For Warriors Next Week

Equipment will be issued to varsity members of the Granite City high school football team at 9 a.m. Monday and to the sophomore squad at 9 a.m. Tuesday, Coach Jim Morrison announced.

Practice gets under way Wednesday, and Coach Morrison said that he expects 11 returning lettermen on the team this year.

They are David Anderson, half back; Russ Barth, guard; Mike Dochwat, guard and linebacker; John Hommert, tackle and linebacker; Bob James, tackle and end; James Johnson, tackle; Gary Kuneman, guard; Ron Laws, half back; Jim McCart, end; Ron Shepherd, halfback; and Dave Snelson, quarter back.

Coach Morrison will have the same coaching staff as last year. Gordy Galbreath will coach defensive backs, Tom Wyrostek defensive line, Bob Stegmeier, offensive back, Leon Chapel, end, and Stan Wojcik offensive line.

Life is a battle—and the winners are those armed with knowledge and new ideas.

## Scott AFB MARS to Provide Radio Hookup To Vietnam During Open House Sept. 2

Twenty-seven U. S. Air Force MARS stations in Southeast Asia will participate in a special radio hookup between servicemen in Vietnam, Thailand, and Taiwan and their families in the Scott Air Force Base area on Sept. 2.

The service will be part of the Air Force Communications Service's Military Affiliate Radio System exhibit at Scott's 50th anniversary open house program.

Families of servicemen who desire to participate are asked to write to their relatives in Southeast Asia, instructing them to be present at MARS stations in their areas for appointments during the five-hour period of radio contact. Arrangements for the individual contacts will be made at the Southeast Asia stations.

### 3 to 5 Minutes

Staff Sgt. Gerald F. Zagaiski, noncommissioned officer in charge of the Scott Base MARS Station, said that three to five-minute conversations will be permitted during the 11 a.m. to 4 p.m. (Scott time) period of operation.

The Southeast Asia to-Scott radio contacts, if radio and atmosphere conditions permit, will be handled in the MARS building, Building 1605, located in the old hospital area at Scott. Signs will be posted to direct persons

to the MARS station from the main gate at Scott.

**Other MARS Features**  
MARS personnel will have four other features at the Scott observance:

1. Visitors to the MARS exhibit in Hangar No. 1 will be permitted to send teletype messages to relatives and friends anywhere in the United States by way of teletype contacts with other continental MARS stations.
2. Visitors will also be permitted to send messages to servicemen at any overseas installation. This service also will be available in Hangar No. 1.
3. MARS personnel will contact as many MARS stations as possible. Fifteenth anniversary certificates of contact acknowledgment will be sent to the MARS stations contacted.
4. Visitors will be permitted to see themselves on closed circuit television which will be set up in Hangar No. 1.

### Volunteer Personnel

Civilian and military personnel who operate the Scott MARS Station, with call letters AG3HQ, will be working voluntarily to man the exhibits and demonstrations on Sept. 2.

On a world-wide basis, the Military Affiliate Radio System has more than 10,000 amateur radio operators, civilian and military, who participate in the operation. They are in training for their role as an emergency back-up communications system for the military and civilian systems.

The Air Force Communications Service, with headquarters at Scott, is the manager of the

Air Force's global MARS set-up. Since its organization in 1947, Air Force MARS has taken part in establishing emergency communications in hundreds of instances, including earthquakes, tornadoes, floods, hurricanes, conflicts, and emergency medical situations.

The Scott MARS station is operated by military personnel of the 1918th Communications Squadron (AFCS) and volunteer MARS members. Many of the participating civilian amateurs operate personal radio equipment in their homes and are readily accessible for MARS operations.

Air Force Communications Service also will have a large exhibit in operation at the Scott celebration. The exhibit depicts the command's role in the Air Force and illustrates its mission.

AFCS is a globally operating air command which provides communications, air traffic control and air navigational aid services and facilities for the Air Force and other government and civilian agencies. Its 54,000 people serve in nearly 600 units in 45 states and nearly 40 foreign countries.

### Improper Muffler

An arrest ticket was issued Tuesday by Granite City police to Donald Bartow, 3022 Circle drive, who was charged at Niedmehaus and Madison avenues with operating an auto with an improper muffler.

## GC Tax Payments Area Firemen to Display Techniques at Army Depot Only 48% So Far; To End Tomorrow

Granite City Treasurer E. R. "Pat" Rich was preparing today to shut off local tax collections at his city hall office at 5 p.m. tomorrow. He said tax collections thus far are less than 50% of the total amount extended.

Rich said collections until noon yesterday included \$864,040 in personal property collections and \$2,867,557 in real estate taxes, a total of \$3,731,597.

This is 48% of the aggregate \$7,772,795 extended for collection for the 1966 year in Granite City. The total billing includes \$3,015,999 in personal tax, \$3,886,328 in real estate tax and \$170,467 in delinquent tax.

A substantial increase in payments is expected today or tomorrow when major Granite City industrial and business firms will pay their tax bills. Industries which pay a large part of the local tax bill customarily wait until the last day of the collection period to make payment, Rich said, however, that individual taxpayers have been running far behind in local payments thus far this year.

Last year, the treasurer said, his office collected 92% of the total tax extension before local collections were discontinued.

The city receives a 2% commission on all taxes paid at the treasurer's office during the local collection period. After collections are ended here and the books returned to the county treasurer's office, the county treasurer receives a 2% commission on all taxes paid at the treasurer's office during the local collection period.

A Fire Demonstration program of various fire-fighting methods will be presented by the Madison County Firemen's Association Sunday at the Granite City Army Depot on grounds near the depot fire house, beginning at 9 a.m.

Members of the fire department units of Granite City, Madison, Venice, Ponton Beach (Long Lake department) and the Army Depot will participate.

Approximately 150 members of area fire departments have registered to attend the affair, including representatives of fire-fighting units at Dow Chemical Co. and Granite City Steel Co.

The program will open with a welcome address by Col. Charles Hoskin III, commanding officer of the depot, followed by an address by Curtis Donley, assistant fire chief of Granite City concerning the purpose of the school.

The first demonstration is scheduled at the conclusion of the opening addresses by the Granite City fire department which will present a series of ladder demonstration, particularly emphasizing the types of ladders and salvage work.

A feature of the Granite City demonstration will be methods of rescue from a burning automobile.

**Use of Foam**  
This will be followed by a demonstration by the Long Lake fire department of Ponton Beach of the use of foam in fire-fighting technique. The Long Lake department also will present a demonstration of the use of a 100-gallon tanker and present a display of recovery equipment.

A smoke bomb and gas masks demonstration along with a display of hose lay arrangements will be presented by the Madison County Firemen's Association.

The Granite City Army Depot unit will present demonstrations on sprinkler use, spotting of pumps and hose hookups, operating pressures, skid load and the drafting of water.

Luncheon will be served in the officers' open mess at noon, followed by closing remarks and adjournment.

**Wayne Scannell Strums Guitar at Rotary Picnic**

The Madison Rotary club held the weekly luncheon meeting Wednesday with a picnic at Memorial Center, Madison, highlighted with group singing to the accompaniment of Wayne Scannell on the guitar.

The Rotarians discussed their plans of next week's meeting, which will feature as guest speaker the vice-president of a mid-western Federal Reserve Bank.

## Silver Star Awarded To Capt. Szilvasy

A Silver Star Medal for heroic action in Vietnam has been presented to Chaplain Capt. John A. Szilvasy, whose wife, Linda, resides in the 2700 block of Center street here.

The general order awarding the medal to Chaplain Szilvasy was read by General Harold K. Johnson, Army Chief of Staff, who made the presentation.

It reads: "For gallantry in action while engaged in military operations involving conflict with a hostile force in the Republic of Vietnam."

"Shortly before dawn on March 14, 1967, the forward fire support base of the Second Battalion, 35th Infantry, came under an extremely heavy enemy mortar attack. A large number of personnel was wounded during the mortar barrage.

"Unhappily, Capt. Szilvasy left the safety of his bunker to assist in the treatment and evacuation of the wounded. Throughout the mortar attack, the inspiring figure of Capt. Szilvasy was seen moving about the perimeter.

"Coming upon a seriously wounded man and unable to move him due to the severity of the wounds, Capt. Szilvasy remained with him while the attack continued. Offering the ultimate in personal sacrifice, he used his own body to shield the wounded man from the deadly mortar fragments which filled the air.

"When the injured man ceased to breathe, Capt. Szilvasy administered mouth-to-mouth resuscitation which kept the soldier alive until he could be safely evacuated.

"Capt. Szilvasy's extraordinary heroism and devotion to the soldiers he serves attest to his unimpeachable character and reflects great credit upon himself, his unit and the United States Army.

"The medal authorized by direction of the Act of Congress under the provisions of the Act of Congress—Approved July 9, 1918."

## Son Born This Morning To Former Merchant

Mr. and Mrs. Robert Bewley of Fort Devens, Mass., are announcing the arrival this morning at the Army Hospital there of a seven-pound, 14-ounce son, their first child. The baby has been named Steven Lynn.

Mrs. Bewley is the former Brenda Hart, a daughter of Mr. and Mrs. Keith Hart, 2509 Angela drive. The father is a private first class stationed at Fort Devens.

## MORE ABOUT

### Genard Finley

groups and Jersey county authorities in searching for the Granite City man after his empty aluminum V-bottom fishing boat was discovered drifting on the river Sunday. Mrs. Finley reported her husband missing to Jersey County Sheriff Adam Desheria Sunday evening.

A local resident for 15 years, Mr. Finley was born at Bloomington, Ind. He was employed as a press operator at Dow Chemical Co. He was a member of St. John United Church of Christ.

Besides his wife and son, Larry, a Coolidge junior high school eighth grade student, Mr. Finley also is survived by his parents, Mr. and Mrs. Erwin Finley of Edinburg, Ind., one brother, Elvin Lee Finley and two sisters, Mrs. Lucille Bennett and Mrs. Mae Fox, all of Edinburg, Ind.; and his mother-in-law, Mrs. Isabella Kreher of Granite City.

Funeral services were held today. Details are given elsewhere in this issue.

## Charged After Crash

Camilla Sanders, 46, Brooklyn, was arrested by Venice police at 2:45 p.m. yesterday on a charge of making an improper left turn. The charge was filed following an accident in which cars driven by Sanders and by John M. Cooper, 2405 Jerden avenue, were damaged. Police said Sanders made a left turn in front of Cooper's car at Market street and Broadway. He posted bond pending a hearing in magistrate's court.

### PRE-WEDDING SHOWER

Miss Mary Mossa was honored with a surprise pre-wedding shower Sunday afternoon.

The home of Mrs. Linda Zentgraf, 2108 Colgate place, was appropriately decorated for the event. The gift table was topped with an umbrella with ribbons and tiny flowers. A sprinkling can and pom poms were used with crepe paper for decorations.

Mrs. Rose Marie Yoboy and Miss Joyce Mossa, sister of the bride-to-be, assisted. Gifts were opened by Mrs. Linda Zentgraf. They spent time visiting with an aunt of Mrs. Mossa, Miss Janet Kheher, Miss Elaine Kheher and Alene Mossa.

Those taking part in the afternoon event were Mrs. Carol Heap, Mrs. Virginia Kheher, Mrs. Stephanie Antonovich, Mrs. Donna Scaturro, Mrs. Betty Ebling, Mrs. Cathy Strain, Mrs. Rose Tarasovich, Mrs. Gertrude Ashford, Mrs. Charlotte Thomas, Mrs. Lucille Mossa and Misses Pat Phillips, Margaret Ganper, Mickie Chovinar, Mary Chovinar, Patti Chovinar, Sharon Weisel, Sharon Bish, Maureen McCarthy, Rita Kaiman, Judy Hammack, Clara Boone, Marlene Walchshausen, Chris Lamort, Marguerite Cross, Cheryl Smith, Lucinda Ebling, Susan Kaman, Audrey Steinman, Margaret Katpawicz, Alene Mossa. The honored guest will become the bride of Jim Kheher of Belleville, Sept. 30. The hostesses served refreshments.

### ST. MARY'S PTA MEETS

St. Mary's Parent Teachers Association meeting was held Monday evening at the school cafeteria with Mrs. Fannie Malone, president. At the conclusion of a short meeting, Mrs. Malone turned the meeting over to the officers for the new school year who are Mrs. Joyce McKinney, president; Mrs. Louise Papa, acting secretary for a period of time, and assistant secretary, Mrs. Mildred Votupolski. Mrs. Gerry Mendez, treasurer, and Mrs. Cecelia Pingel, chaplain.

A get-acquainted tea is being held Oct. 8 with parents and teachers being invited, and a social was planned for Sept. 17. Rev. Englebert Binek gave a short talk to the mothers prior to refreshments being served by the new officers.

Those taking part in the first meeting of the school year were Mrs. Helen Busto, Mrs. Betty Buva, Mrs. Helen Cholewicki, Mrs. Kathy Dohnal, Mrs. Loretta Ferkurka, Mrs. Christine Judd, Mrs. Lee Krpan, Mrs. Helen Kulasta, Mrs. Sophie Lelieniewski, Mrs. Gladys Markovich, Mrs. Mendez, Mrs. Beatrice Stentzer, Mrs. Eleanor Tutka, Mrs. Janet Werner, Mrs. Josephine Zelenka. A new member, Mrs. Mary Flirtot, was welcomed into the PTA by the membership.

School is to start Sept. 5 at St. Mary's Catholic school.

of Madison, motored to Carlyle Tuesday. They spent time visiting with an aunt of Mrs. Reynolds prior to going on to the dam Wilson Park, Saturday. Mrs.

Stein delivered the devotional taken from First Kings 15-22. Old and new business was the topic of discussion followed with a visitation report by the members and closing with prayer.

A social hour was spent at which time the hostess served refreshments to Mrs. Mary Lasen, Mrs. Sue Jones, Mrs. Colleen Evanoff, Mrs. Doris Hargrave, Mrs. Bonnie Bridges, Mrs. Doris Macklin and a guest, Mrs. Chloe Maxon, mother of the hostess. Mrs. Bridges will be hostess to the class members in her home, 2063 Rhodes street, in September.

### Exhibitionist Sought

A man who exposed his person before two 10-year-old girls who were walking in the 2000 block of Johnson road Tuesday afternoon is being sought by Granite City police. The girls told officers the man was between 30 and 35 years of age and had dark hair. They said he was in a "dirty black pickup truck with white lettering on the side."

**Local Realty Firm Sells Hideaway Lounge**

Sale of the Hideaway Lounge property to the lessees, Eugene Frith had Woodrow Cavins of Granite City by the John Sobel Realty Co. was announced this week by Sobel. The purchase price was not disclosed.

The property, which includes a service station building, and the lounge which formerly was a rural school, is located at the junction of old U. S. Highways 66-40 and 67a, in the industrial park area of the Tri-City Regional Port Authority. It recently had been purchased by Sobel. Remodeling plans are in the making.

Sobel also announced that the Combined Investment Co. headed by Raymond Kozielek of Madison, a subsidiary of the realty firm, is expanding on Dairy Queen operations in addition to the one going up on McCambridge avenue in Madison. The firm is negotiating for construction of another Dairy Queen along with a service shop type shopping center at Cape Girardeau, Mo., and is represented there by Albert Spradling Jr., lawyer and president pro-tem of the Missouri state senate.

Apartment units similar to the Sir John Court in the 200 block of Center street are under construction in Wood River along Sixth street. There will be a total of 48 units in three buildings on each of four corners.

## 7 Persons Hurt, Including Cyclist, In Area Crashes

Injuries were suffered by seven persons, including a young bicyclist, in four of 15 traffic accidents reported this week in the Tri-Cities area. Four persons were hurt in one crash occurring last night.

Abrasions to both arms and elbows were suffered by 14-year-old Michael Earls in a bicycle-motor mishap about 3:45 p.m. Tuesday on Missouri avenue at West 21st street. The boy, a ninth grader at Prather junior high school and son of Mr. and Mrs. James Earls, 2202 Illinois avenue, was hospitalized overnight.

He was on a pleasure ride with other cyclists and was keeping a watchful eye on a five-year-old companion when his bike crossed the street and was hit by a southbound auto driven by Frank Parks, 43, of East St. Louis.

The boy, who was thrown on the hood of the car, was taken to St. Elizabeth Hospital for emergency treatment. Parks told police he saw the southbound cyclist on the right side of the street and as he veered to the left to pass, the cyclist also went left.

**4 Hurt In Crash**  
Four persons were injured at 7:15 p.m. yesterday in a two-car collision on East Park road, 100 feet west of Route 203. All were treated at St. Elizabeth Hospital and released.

State troopers said the accident occurred when a car driven by Roosevelt Smith, 30, of 308 Weaver street, Venice, and an auto driven by Marvin Woodard, 36, of East St. Louis, collided as Woodard made a left turn into the path of the Smith car. Smith was treated for back pains and Woodard for cuts to his left leg and abrasions to his left knee.

Two passengers in Smith's car also were treated. They were McKinley Smith Jr., 21, of 1020 Market street, Madison, who suffered abrasions to the left arm and bruises to the forehead, and Yandall Alexander, 22, of 107 Weaver street, Venice, multiple abrasions and superficial lacerations to the forehead.

**ON WAY TO THE STATE FAIR** this group of 47 persons boards the Granite City park district bus today. They will see the Bob Hope show tonight and then return. Park Supt. Harold Brown is checking the names and tickets.

The front of the car was had been stopped by a train at the Edwardsville road crossing. James R. Billen, 19, of 4507 Billen was charged with reckless driving and following too close at St. Elizabeth Hospital at 11 close. He posted \$200 bond pending Monday for injuries suffered in magistrate's court. When his car struck the John C. Bass, St. Louis, driver of a disposal truck which of the truck, was uninjured.

## Cyrus Walker Appointed Army Warrant Officer

Cyrus D. Walker III, 30, whose parents live at 2281 Woodlawn avenue, was graduated Aug. 1 as an aviator from the Army Aviation School at Ft. Rucker, Ala., and was appointed a warrant officer.  
During the 20-week course, he was taught various fire techniques and tactical maneuvers for helicopters supporting ground troops in Vietnam. He also received instruction in helicopter maintenance and survival techniques.

Bad habits defy the law of gravity—they're so much easier to pick than to drop.

# MORE ABOUT GC School

from last year's \$683,420. The district will extend a levy of \$648.193 for payment of bonds and interest, requiring an estimated tax rate of 33.45 cents per \$100 valuation, down slightly from the actual rate of 34.14 cents for the 1966 tax year.

Transportation fund appropriation in the new budget is \$205,827, up only \$287 over last year's \$205,540. Estimated rate is 6.83 cents compared to 6.96 cents for last year.

## MRF Cante Rise

The municipal retirement fund account is budgeted at \$140,000 for the current year, compared to \$139,500. The amount of this account is determined by state formula based on the number of district employees. The new figure is expected to produce a 1967 tax rate of 7.22 cents per \$100 assessed valuation, compared to 6.24 cents last year.

Appropriation for the junior college fund, from which tuition is paid for district students who wish to attend junior college, was set at \$15,000. There was no appropriation for this purpose last year.

A tax levy for the junior college fund will be extended in the amount of \$15,000, same as the budget figure, and is expected to establish a rate of .17 of one cent.

The educational fund reflects salary increases in all phases of operation. In the administration account, which totals \$220,840, compared to \$209,000 last year, salaries for administration employees are fixed at \$110,000 compared to last year's \$103,800 and secretarial salaries are budgeted at \$77,000, compared to \$65,500 in 1966.

## Instruction Costs Higher

Build of expenditures in the educational fund is in the instructional account, newly budgeted at \$5,500,003, compared to \$5,236,200 a year ago. The instructional account schedules principals' salaries at \$302,731, up from \$273,000; consultants or supervisors salaries, \$98,891, up from \$72,835.

Other salary items, with last year's figures in parentheses, include: teachers (elementary), \$2,672,993 (\$2,350,000); teachers (secondary), \$1,012,467 (\$880,000); teachers (divided time, grades 7 to 9), \$1,085,927 (\$1,000,000); other instructional staff, \$193,734 (\$150,000). Secretarial and clerical, \$119,550 (\$102,770); Title I, Project I, \$86,000 (\$50,122); psychological services \$11,800 (\$8,500).

## List Other Accounts

Other accounts of the educational fund, with comparisons, include: attendance, \$52,550 (\$40,000); health, \$90,330 (\$74,580); operations, \$707,900 (\$683,535); maintenance, \$35,500 (\$25,750); fixed charges, \$86,005; adult education, \$74,364 (\$75,022); summer school, \$79,000 (\$71,200); athletic program, \$68,741 (\$65,085); textbooks for sale or rental, \$45,300 (\$43,200); lunch program, \$69,950 (\$64,350); winback program, \$2,225 (none); capital outlay \$117,192 (\$88,806); contingencies, \$200,000 (\$170,000).

In the building fund budget of \$671,200, almost half of the total outlay is earmarked for the improvement of schools under the Life Safety Code, totaling \$394,428. Salaries in the maintenance account are budgeted at \$88,398, compared to the previous \$89,000 made in the capital outlay account for remodeling, \$45,500 compared to \$116,800 last year and no appropriation for new buildings, compared to \$100,000 a year ago.

A building fund appropriation for site acquisition and improvement is fixed at \$40,945, compared to \$20,000 last year.

## Bond Retirement Up

The appropriation provides for retirement of bond principal in the amount of \$492,000, compared to \$457,000 last year, but an interest payment of \$180,183 compared to \$194,520 a year ago.

Total of \$159,000 appropriated for the site acquisition and improvement fund specifies \$30,000 for site acquisition and \$129,000 for the Grigsby junior high school project. Last year the appropriation for Grigsby junior high school was \$1,472,131.

The transportation fund budget of \$205,827 includes: student transportation, \$174,027 (\$168,000); athletic events \$7000 (\$6800); field trips, \$3000 (same); special education, \$15,000 (\$16,000) and special events, \$1800 (\$4000).

## Boys Steal Cigarettes

Police filed three more juvenile cases last afternoon after apprehending three 14-year-old boys who stole a quantity of cigarettes from the Tri-City Grocery in Venice. The boys were picked up on a description given by store clerks. Police recovered most of the cigarettes and had the boys personally return them to the store manager.

## Charged With Speeding

J. L. Pies, 26, of Pershing avenue, was issued an arrest ticket last night on a charge of speeding on Route 162 at the Blast Furnace plant.

# 5 County Zoning Requests are Ok'd; 2 More Held Over

Five requests for changes in the Madison county zoning ordinance affecting area townships were approved by the Madison county board of supervisors Wednesday on the recommendation of the county zoning board of appeals. Two others were held in abeyance.

One was on the petition of Clara Schilling, owner, and M. Fulton, purchaser, to rezone a Chouteau Island tract from agricultural to an M-3 heavy industrial district.

The area had been considered as a landfill site, but other legal moves would be required to establish a landfill, it was determined. The type of business or industry which may use the area was not specified.

Other petitions approved were those of:

Philip Leinweber, owner, a special use permit to place a mobile home in an agricultural district of Chouteau township providing requirements of the building code are met.

Woodrow Stinson, owner, a special use permit to set a mobile home in an R-4 single family residence tract in Venice township.

Wilbur W. Mercer, owner, to rezone a tract of land in Chouteau township from R-3 one family residence to B-2 general business district.

Donald R. Adams, owner, a special use permit to construct an accessory building behind a principal building in an R-4 single family residence district in Chouteau township.

Held in abeyance were two requests by Continental Illinois National Bank & Trust Co., Chicago, and Illinois Power Co. to rezone four tracts of land in Chouteau township from agricultural and residential districts to M-1 limited and M-2 general manufacturing districts and to B-4 wholesale business district in Chouteau township. The zoning board had recommended approval.

# GC Police Radar Nets 17 Arrests In Five Locations

Radar operations yesterday by Granite City police at several locations in the city accounted for 17 of 19 arrest tickets issued. Clocking in excess of the speed limit on Namekoi drive were:

Harold W. Sly of Wood River; William Henke, 2215 East 24th street; Ray W. 2627 East 28th street; Alfred Fernando of Dorsey; Walmer Brummer, 2310 Delmar avenue; Bernard Dehn of St. Louis; Daniel Trotts, 1022 Greenwood street; Madison, and Clyde Mertz, 3123 Harvard place.

Tickets were issued in the 2500 block of Madison avenue to Theodore Swigert, 3008 Madison avenue; Werner Born, 3218 Colgate place; James Wallace, 2715 Iowa street; Maria Austin, 2660 East 27th street; and Gerald Graklanoff, 1507 Rodger avenue.

The radar unit also was in operation in the 2500 block of East 21st street, where tickets were issued to Marvin Thomas, 2342 Woodlawn avenue, and Louis Graham, 1327 Meridian street, and at Maryville road and Wilson avenue, where Clyde Norris, 3268 Edgewood drive, was issued a ticket.

Also charged with speeding yesterday were John Strotheide, 2504 Hodges avenue, at Nidderhaus and Grand avenues, and Ronald Homan, 1201 Rhodes street, at Namekoi road and Colgate avenue.

MRS. DONNA HOGAN  
3036 Wiltshire Drive — TR 7-0127

BRIDGE CLUB CLOSING SEASON

Mrs. Helen Meyer, director of both local bridge clubs, announced the Granite City Duplicate Bridge Club will not meet again until Sept. 3. The group met Sunday evening at the Elks Club.

Winners in the games Sunday evening were William Buente and Nat Brode first, a tie for second between Al Schaefer and Fred Nemon, and Mr. and Mrs. Andrew Wray of Caseyville. The Namecki Duplicate Bridge Club members gathered Monday morning in the home of Mrs. Meyers, 282 Yale drive, for their weekly session.

A tie for first place as a result of the games between Mrs. Verna Meyer, Mrs. Lou England, Mrs. Helen Todd and Mrs. Betty Caldwell, third place went to Mrs. Ruth Densford and Mrs. Bernice Grzesk.

The Namecki Club will continue to meet this month, with the next meeting on Aug. 21 in the home of Mrs. Meyer.

ISABEL BEVIER PLAN FAMILY PICNIC

Mrs. Helen Cuvar, Chairman of the Isabel Bevier Unit Madison County Homemakers Extension Association, is announcing the "Family Picnic" for members and their families will be held at Wilson Park, Shelter 5, on Thursday, Aug. 24.

Each family is to bring their own tableware and a covered dish.

Since August is the vacation month, there will not be a monthly meeting of the Unit.

The meetings will begin their winter session on Sept. 28.

HOMEMAKERS CLASS MEETS

The Homemakers Class of Calvary Baptist Church met Monday evening in the home of Mrs. Margaret Nichols, 2437 Roney drive.

Mrs. Mona Meyers opened with prayer, and Mrs. Lois Bradford presented the devotions.

The business meeting was conducted by Mrs. Ida Kilmer, president. Reports were submitted by the Group Captains and on the Community Missions project which the class works

with each month.

Plans were made for the members to send a flower to hospital patients this month as their Community Mission.

Mrs. Kilmer closed the meeting with prayer. A social evening was spent in games and refreshments served by the hostess.

Others attending were Mesdames Elsie Carpenter, Lucille Cahill, Grace Hestley and those named.

The next monthly meeting is planned for Sept. 11 in the home of Mrs. Phyllis Knight, 2212 Lynch avenue.

MRS. TESTER HOSTESS TO HOBO PARTY

Mrs. Betty Tester entertained members of "The Dovers" Sunday school class of Dewey Avenue Methodist Church Tuesday evening in her home, 4028 Vesel avenue for a "Hobo Party."

Mrs. Tester, who serves as teacher for the class, invited the girls to arrive in costume, and the evening was spent in games.

Those present were Kathleen Lane, Marla Book, Karen Gagich, Marsha Hileman, Peggy Davis, Phyllis Moore, Mary Ann Craycraft, Melia Wolfard, Becky Ann Berry and guests, Pamela Tester and Lisa Grothuis.

MR. AND MRS. TUCKER ENTERTAIN DINNER GUEST

Mr. and Mrs. Felix Tucker, 3160 Jill avenue, were hosts to a "farewell dinner" Sunday evening, honoring Mrs. Tucker's brother-in-law and sister, Mr. and Mrs. Thomas Smith of Clearwater, Fla., who have been visitors for several days.

Car, Sign Damaged

A parked car owned by Gerald G. Stagner, 2315 State street, and a Madison city street sign were damaged at 4:10 p.m. Wednesday when a truck pushed the car into the sign in the 1500 block of 14th street. Madison police arrested William L. Todd, Fort Worth, Texas, driver of the truck on a charge of destroying city property. Officers said Todd was attempting to park the truck when it struck Stagner's car. Todd posted bond pending a hearing in magistrate's court.

using the 47th Psalm as her subject. Roll call was answered with scripture verses. The project for the month is to paint the classroom.

The hostess had the table decorated with a birthday cake. A gift was presented to the teacher by the class.

The next meeting will be in the home of Mrs. Mae Williams.

## Overloading Causes Most Fatal Boating Mishaps

Overloading or improperly loading small boats is a common cause of fatal boating accidents, according to the U. S. Coast Guard. Accident statistics gathered by the Illinois Department of Conservation bear out this fact. Last year, four Illinois boaters died in accidents directly caused by overloading.

Nineteen boaters were drowned in Illinois when they fell overboard and were not wearing life jackets. Six others drowned when they swam from their boats. Nationally, 78% of the drowning victims were not wear-

ing lifesaving devices carried on their boats. It is the boat operator's responsibility to keep a sharp lookout when on the water but many operators do not. According to U. S. Coast Guard statistics, collisions have been the most common boating accident in the five years. The Coast Guard predicts that this year more than half of all boating accidents in the United States will be collisions. Illinois Department of Conservation records show that six people died in 1965 as a result of collisions between boats and three others were killed when their boats rammed fixed objects.

William T. Lodge, director of the Illinois Department of Conservation, pointed out the overloading, not wearing a life jacket and not keeping a sharp lookout are faults that reflect directly on the boat operator. "It's the operator's responsibility to know the safe capacity of his craft and not exceed it," Lodge said. "Many boats now sold in the state have capacity plates and in January all boats sold in Illinois must have a plate showing the maximum safe load. The boat operator is required to have at least one lifesaving device on board and easily accessible for every passenger on board any kind of watercraft, power boat, sailboat, rowboat, or canoe." Lodge said. "The law does not require that the jackets be worn but the fatality rate would be cut drastically if boat operators would insist that everyone on board wear a jacket."

"Just because a boat is purchased for relaxation does not mean the operator can relax," Lodge stated. "The Rules of the Road are traffic regulations for boaters and they will prevent collisions if they are followed. It's the operator's responsibility to know the Rules of the Road and observe them."

### N&W Train Ties Up Crossing 40 Minutes

A Norfolk & Western railroad train held up long lines of traffic for more than 40 minutes during the early morning rush hour at the 22nd street crossing today.

A police ticket charging the railroad with obstructing a highway was given to the train conductor, Gene Conway of Decatur, Ill. A police officer said he arrived at the crossing at 6:40 a.m. after the train already had delayed traffic long enough to prompt a call for police aid. The train did not clear the crossing sufficiently to raise the gates until 7:20 p.m. Switching operations caused the tieup, police said.

### Larry J. Richardson Stationed in Vietnam

Marine Sgt. Larry J. Richardson, husband of the former Miss Terry L. Wyman of 2021 Russell street, is serving with the First Battalion, Fifth Marine Regiment, a unit of the First Marine Division in Vietnam. As a part of the Marine Corps air-ground team, the mission of this unit is to search out and destroy enemy forces operating in South Vietnam. They accomplish this task through daily patrols and ambushes as well as through large scale operations mounted against the enemy. The unit is also engaged in a civic action program designed to assist the Vietnamese people in completing self-help projects, such as the building of wells, culverts, small bridges and schools. Equipment and materials for the projects are made available through the Marine Corps, serve Civic Action Fund. Marines

### Fire Destroys Freight Car, Cargo at C&NW Yards

A freight car loaded with potassium nitrate was destroyed by fire in the Madison yards of the Chicago & Northwestern railroad at 10:30 a.m. today, Fire Chief E. J. Miller of the Madison fire department said the blaze apparently was caused by spontaneous combustion. The highly inflammable chemical burned quickly but there were no explosions, Miller said. The trainmaster's office at the C&NW yards said it was unable to make an estimate of the damage.

In Vietnam provide the know-how and guide the Vietnamese people in carrying out these projects.

### 8 Hurt in Accident Are Treated Here

Eight members of an East St. Louis family—a father and seven children—were treated at St. Elizabeth Hospital yesterday for injuries received in an auto-truck collision in East St. Louis.

The father, Elroy Loving, 37, driver of the car, said the accident occurred when a dump truck operated by the East St. Louis city street department pulled in front of him about 2:15 p.m.

Loving was treated for back pains. The children and their injuries included: Ricky, 4, Patricia, 8, Jeffrey, 5, and Calvin, 11, all suffering pains to the abdomen; Sharon, 9, contusions to the lower abdomen; Emmett, 12, abrasions to the right ankle; and Tracy, 7, who was found to have no injuries. All were brought to the hospital here by private car.

Theo. Rice, 63, Dies; A. O. Smith Employee

Theodore K. Rice, 63, of 2121 St. Clair avenue, an employee of A. O. Smith Corp., died at 7:30 a.m. yesterday at St. Elizabeth Hospital. He had been ill two-and-a-half weeks.

A local resident for the past 12 years, Mr. Rice was employed as a maintenance man at the local firm since its establishment here in 1954. He was born at Benton, Ill., and previously resided at DuQuoin. He was a member of Central Christian Church in Granite City.

Among the survivors are his wife, Mrs. Mary (Furlow) Rice; two sons, Carl W. Rice of Granite City and Neil Rice of DuQuoin; two daughters, Mrs. Yvonne Sapp of Springfield, Ill., and Mrs. Cheryl Benson of Lafayette, Ind.; two brothers, John Rice of Zeigler, Ill., and Vernon Rice of Mulkeytown, Ill.; three sisters, Mrs. Ethel Holland and Mrs. Pauline McKemie, both of West Frankfort, and Mrs. Sena Biggs of Mulkeytown; and six grandchildren.

Funeral arrangements are given in today's obituary column.

### County Salon 53 Wins Awards

Madison County Salon 53, Eight and Forty, met Tuesday evening at the American Legion Home in Venice.

Mrs. Norma Hillmer, Chapeau, presided and a report of the Departmental Marche (convention) was given by Mrs. Opal Hohmann of Alton. The Madison County Salon received two awards at the Marche: the Beulah Under award for Nurses Scholarship donations and the Lucille Milner award for the best Red Book Page, according to the report, by Mrs. Hohmann who also described the tour by the members of the Children's Memorial Hospital and the Municipal Tuberculosis Hospital, both in Chicago.

Miss Dorothy Hinson, Departmental Chapeau of Illinois, was the installing officer for the new officers of Salon 53.

They are: Mrs. Opal Hohmann, Alton, Chapeau; Mrs. Mary Ballentine, Madison, Demi Chapeau; Premier; Mrs. Leona Best, Collinsville, Demi Chapeau; Deuicome; Mrs. Fannie Ullrich, Alton, LaSecrtaire; Mrs. Marie Leffert, Alton, LaCassiere; Mrs. Norma Hillmer, Madison, L'Archiviste; Mrs. Mada Paul, Collinsville, L'Aumone; and Mrs. Joyce Austra, Madison, LaConcierger. The installing LaConcierger was Mrs. Jean Cummings of Alton.

Plans were discussed and chairmen were appointed for the Fall Pouvoir to be held in Alton in October. This will be a statewide board meeting with the Madison County Salon as hostess group.

Mrs. Norma Hillmer and Mrs. Frances Cowley were members of the hospitality committee for Tuesday's meeting. Lunch was served to 15 members. Others attending from this area were Mrs. Kathryn Fellers, Granite City; Mrs. Estella McBrien, Madison; and Mrs. Zelma Hart, Venice.

### VISIT DAUGHTER

Mr. and Mrs. Briscoe Cooley, 24 Kaesberg Park, have returned after a week's visit with their daughter, Audrey Behen and her family in Atlanta, Ill. Mrs. Behen is recovering from recent back surgery.

## VISITORS RETURN TO PARK FOREST

Mr. and Mrs. William McDowell and their children, Ann, Michelle and Tracy, of Park Forest, Ill., have returned to their home after visiting relatives here.

While in the city the family attended the weekend wedding of Mr. and Mrs. Lawrence T. Doroff, and on Sunday the McDowell's son, Tracy, was christened at Sacred Heart Catholic Church. Sponsors were the baby's uncle, John Skubish, and cousin, Miss Pat Skubish. Mrs. McDowell is the former Jeanette Skubish, daughter of Mr. and Mrs. Casmer Skubish, 2701 Lincoln avenue.

## MRS. WAYNE ERWIN RETURNS FROM ATLANTA

Mrs. Wayne Erwin, 2841 Edwards street, returned home Tuesday from Atlanta, Ga., where she visited her son-in-law and daughter, Mr. and Mrs. Wayne Bridgeman and family. Mrs. Erwin was accompanied home by three granddaughters, Leslie, Jennifer and Mary Beth Bridgeman, who will spend several days here.

Mr. and Mrs. Bridgeman are in the process of moving from Atlanta, where he was on the staff of Emory University, to Oxford, Ohio, where he will be on the faculty of the University of Miami.

## MRS. COLEMAN HOSTESS TO PINOCCHIO CLUB

Mrs. Goldie Coleman was hostess to her pinocchio club Monday evening.

A "secret pal" gift exchange was held, and plans were made for a trip to the Municipal Opera on Aug. 22.

Prizes in games were won by Betty Rutkowski, Mary Tucker and Loretta Coleman. Others attending were Mary Margie, Rhea Grove, Dorothy Kowalk, Jennie Mithu, Agnes Rodier, Evelyn Ferro, Mary Merz and Marian Lipscomb.

The next club meeting will be held Sept. 18.

## VISITING PATIENTS

Mrs. William W. Nivin and her daughter, Mary Jo, of Santa Barbara, Calif., will leave Friday for their home after spending ten days here with her parents, Mr. and Mrs. A. H. Hoelscher, 2260 Lynch avenue. Mrs. Nivin is the former Arline Hoelscher.

## Poor Risk

Don't bet your bottom dollar on the fellow who has nothing to lose but confidence.

## A meeting of the DAV Auxiliary was held last night with Mrs. Freda Postowko, junior vice commander, in charge.

A letter of thanks was read from a serviceman in Vietnam to whom a gift had been sent, and prizes in games were awarded to Mrs. Dorothy Best, Mrs. Postowko, Mrs. Marie King, Mrs. Louise Schliet, Mrs. Berntha Kirchler, Mrs. Ruth Hale, Mrs. Kathleen Fish and Mrs. Dorothy Popmarkoff.

Guests present were Mrs. Kathleen Fish and her grandson, Michael Fumagalli of Las Vegas, Nev., Mrs. Phyllis Popmarkoff and daughter, Dorothy, who were guests, Mrs. Irene Nienhaus, and Mrs. Helen Miller.

The next meeting will be held Sept. 6.

## NAMES OMITTED

## FROM WEDDING ITEM

Due to an error in Monday's issue the name of Mrs. Tom Throne and Miss Tina Lo Proto of Chicago and Mrs. Bill Jeffers of Champaign, who assisted at the wedding reception of Mr. and Mrs. Harold Moss, were omitted. Mrs. Jeffers presided over the guest book.

The bride, the former Beverly Elaine Tonciff, a daughter of Mr. and Mrs. John Tonciff, 2579 Waterman avenue, was graduated from the University of Illinois with a B.S. degree and received her master degree in psychiatric social work from the University of Chicago. At the University of Illinois she was a member of Alpha Chi Omega sorority. She is employed in Chicago at one of the larger mental health clinics in Illinois.

The bridegroom's mother wore a sandalwood silk suit, moss green accessories and a corsage of green orchids.

## VISITS MUSEUM OF ATOMIC ENERGY

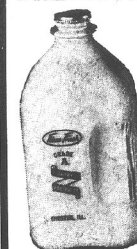

Mrs. Gladys McAmish, 1508 Joy avenue, was a recent visitor to the American Museum of Atomic Energy (Oak Ridge Hall of Science), Oak Ridge, Tenn., which features demonstrations, and displays on peaceful uses of the atom.

The Museum, operated for the U. S. Atomic Energy Commission by Oak Ridge Associated Universities, is the first such institution in the nation devoted to nuclear science. Especially trained lecture-demonstrators show how the power of the atom is utilized in medicine, industry and agriculture.

## Added Hours for Adult Night School Enrollment

Added hours next week for enrollment for evening school classes for high school credit were announced today by Lawrence McCauley, principal of Granite City high.

McCauley said adults who work nights may register from 8 a.m. to 4 p.m. Tuesday through Friday in Room 105 at the senior high school building, 3100 Madison avenue.

Enrollment also will be conducted weekdays from 7 to 9 p.m. through Aug. 31, but there will not be daytime registration after Aug. 25.

Adults who have attended other high schools and who live in Granite City school district should have official transcripts of their high school credits sent to Granite City high school before enrolling, McCauley said.

## House Burglars Get \$360 in GC; Robbers Take \$300

Mrs. Jessie Myers, 2115 Edison avenue, reported Monday that \$300 was taken from a dresser in a burglary of her home during the previous three days. A large amount of change was included. There was no sign of forced entry.

Coins and currency in the amount of \$160 were stolen in a house burglary reported to Granite City police at 10:40 last night.

Ronald Ensey, 2812 National avenue said a collection of 62 half dollars, one silver dollar and \$60 in half dollars and quarters in coin collection books along with \$70 in currency (three \$20 bills and one \$10 bill) were missing. He had inspected the collection on Tuesday, and it was intact.

There was no sign of forced entry, but the thief might have entered the house through an unlocked bedroom window on the north side.

**Robbed of \$300**  
Edgar E. Quattlebaum, Rockford, Ill., reported to Venice police at 7:30 a.m. today that he was robbed of more than \$300 by two taxi drivers whom he met last night in St. Louis.

Quattlebaum told officers he arrived in St. Louis yesterday by bus and went to a tavern where he met the two men. He said he left Rockford with \$300 and had most of the money remaining when he arrived in St. Louis. He said he drank with the men during the evening, but remembered nothing after leaving the tavern with the men.

He said he awoke this morning in a weed patch along County road in Venice.

John Boushardt, 433 Lincoln street, Venice, reported to Venice police at 5:30 p.m. Monday that his toolshed was broken into and more than \$115 in tools stolen. Loot included an electric plane worth \$50, an electric drill worth \$45, another electric drill valued at \$20, plus drill bits and other tools.

**One Candy Bar Stolen**  
A nurse at St. Elizabeth Hospital advised police at 3:15 a.m. today that a thief had broken into a candy machine on the ground floor of the hospital. Police found that the glass in the machine was smashed and one candy bar was missing. The machine was intact at 1 a.m., the police were told.

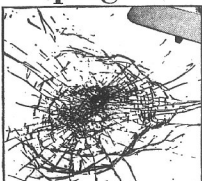

**3 Stolen Cars Found**  
Three autos that had been reported stolen Tuesday morning were located by Granite City police and county authorities. All of the autos were stolen from in front of the owners' homes either Monday night or early Tuesday.

The 1955 auto of Alvin Evanoff, 2509 Lincoln avenue, was located in the 2800 block of East 25th street; and the 1957 auto of Henry Fabian, 2916 East 25th street, was located in the 2800 block of Cleveland Blvd. The 1965

**WANT ADS DO THE JOB!**

The last thing Frank expected was someone running the stop sign.

The very last thing.

Stop signs don't stop cars. Drivers stop cars. Make sure you do and make sure he has. There's very little satisfaction in being dead right when you're dead.

Wherever, whenever you drive drive defensively. Watch out for the other guy. He may be the kind who'll stop at nothing.

## UE Strike Ends; Area Operations Back To Normal

Area-wide operations of Union Electric Co. had returned to normal this week following the end of a 30-day strike that idled approximately 4100 employees. Approximately 1100 office workers of Local 1455 of the International Brotherhood of Electrical Workers returned to their jobs Tuesday following agreement between the union and Union Electric Co. on a new two-year contract.

The strike, which started July 14, also idled 3000 other workers who honored picket lines set up by the office workers. Approximately 400 employees at the Venice power plant remained off their jobs during the strike.

John Schroeder, business agent of Local 1455, said a wage increase of 5% for the first year and 4.5% for the second year for Local 1455 "is comparable to wage gains of other Union Electric employees and therefore acceptable."

In addition to wages a major issue of the dispute involved alleged infringement by the company upon union labor work jurisdiction by company supervisors' personnel.

Daniel C. Rogers, chairman of the Missouri Mediation board, suggested both sides submit to binding arbitration, but the company presented its own wording on the issue. Both sides eventually agreed upon a compromise provision that utility supervisors "shall not unreasonably infringe upon the right of the union to do the work that normally would be assigned to union employees."

## Religious Courses At SIU Baptist Center

The Baptist Student Center at the Southern Illinois University-Carbondale campus will offer free religious courses of instruction in the fall.

The courses are offered to off-campus people as well as university students, according to the Rev. Robert Fuson, Jr., director of the Baptist Foundation. There is no tuition charge at the Baptist Student Center. The only expense involved is the purchase of textbooks, the Rev. Fuson said.

Diplomas, both in English Bible and religious education, will be conferred to those who complete the work required. Curriculum of the program includes Old Testament, New Testament, Christian doctrine, church history, Christian ethics, music, religious education, and homiletics.

Other activities relating to the program, which begins Sept. 2, will be a seminar on study of the Bible for area pastors, and weekly discussions on current affairs of interest to students. Moderators will rotate according to interest among the Rev. Fuson, the Rev. L. Edward Smith, instructor at the Center, and Robert Blatter, center director.

**Faces Charge**  
Edw. Edwards, 44, of 2118 State street, was charged with profanity on Tuesday afternoon at the city hall in Granite City. He was released to appear at a later date for a hearing.

Schroeder said the new pact marks the first time that wages, fringe benefits and other conditions have been equal to those of other company employees.

## District Readies for School Opening Aug. 30; Let Contracts, Hire Teachers

The Granite City school board employed five new teachers and awarded a long list of contracts for supplies, materials and services Monday night in preparation for opening the new school term on Aug. 30.

It also accepted one teacher resignation, granted one leave of absence and authorized the board's site committee to negotiate for the purchase of a tract of land, location of which was not disclosed. The board specified that drilling operations be made on the tract to determine firmness of the ground to meet foundation standards.

School Supt. B. J. Davis announced that school opening activities will get under way next week with a series of meetings of principals in the board of education office. The meetings will be held next Wednesday and Thursday beginning at 9 a.m. each day.

Orientation for new teachers is scheduled Monday, Aug. 28, beginning with breakfast in the high school cafeteria at 8:30 a.m. A teachers' workshop and general meeting will be held in the high school auditorium the following day, Aug. 29, beginning at 9 a.m.

**Schools Open Aug. 30**  
Granite City schools will open on Wednesday, Aug. 30, with a half day session.

The board accepted the resignation of Dianne Noonan, kindergarten teacher at Logan school, and granted a leave of absence to Mrs. Thelma Cox, cafeteria worker, for one year. The board employed Donna

Jean Bohrnell, 25, of 3901 Galt, B. S. degree, to teach first grade at Nameoki school; Bernard J. Iselhardt Jr., 24, Edwardsville, B. S. degree, to teach mathematics at the senior high school; Virgil V. Kirksey, 24, of 2120 Waterman avenue, M. S. degree, fifth grade at Frohardt; Janet K. Wheaton, 22, of 509 English place, B. S. degree, elementary grade teacher; and Paul Skolins, 23, of Carbondale, B. S. degree, to teach English in the high school.

A contract to tune the school district's 40 pianos during September and October was awarded to Gus Bode of Edwardsville, lowest of five bidders at \$7 for each piano. Other bids ranged up to \$15. Bellmore Tile & Carpet Co. was awarded a contract to furnish the district's floor tile needs, while Economy Floor was selected to provide cove base cement. They were the only two bidders.

**Breaching Work Contracted**  
Certified Welding Service of Granite City was awarded a contract on a bid price of \$945 for replacement of metal breaching which connects the school boiler room to the outside wall of the stock. Only other bidder was Minnesota Boiler Works of East St. Louis with an offer of \$1078.

The board chose 11 vendors of certain canned food items for school cafeterias. Successful bidders and price awards were Acme Foods, Inc., \$1250; Allen Foods, Inc., \$4284; J. F. Conrad

Grocer Co., \$302; Chris Hoerr & Son, \$10; Stucker & Hausmann Co., \$2033; Sea Pass Corp., \$3094; Kraft Foods Co., \$159; John Sexton Co., \$42; Lombardi's Wholesale, \$374; M. J. Kellner Co., \$1298; and Manhattan Coffee Co., \$2587.

Eighteen different firms were selected as sources of varying categories of vocational shop supplies during the school terms, with total purchases anticipated at \$10,587. Partition Sales & Manufacturing Co. was awarded the contract for installing needed partitions in remodeling work at the high school cafeteria at a price of \$438, lowest of seven bids.

Sea Pass Corp. was granted a six-week contract for furnishing frozen french fries for the cafeteria. Sea Pass was second low bidder, but the board passed over the first bid because of delivery problems.

**Custodial Supply Purchases**  
In approving bids for custodial supplies, the board approved purchase of twenty 45-gallon drums of sweeping compound from Industrial Soap Co. at a total price of \$182 which was low bid. Also approved was purchase of germicidal cleaner from three firms: Huntington Laboratories, 100 gallons at \$225; Vestal Laboratories, 40 gallons at \$115; and Western Chemical Co., 40 gallons at \$80.

R. Drun Electrical Co. was awarded a contract for cleaning and replacing lights at the football field on a unit price bid of \$175 and \$650 per light. The board also set at \$118,425 the amount of federal funds needed for the Lift-Off project during the new school term. This will include \$86,000 in instructional salaries, \$29,000 in health service salaries and \$3425 for other expenditures.

Request of Harold E. Brown, superintendent of the Granite City park district for use of school facilities was approved by the board. These include use of Coolidge and Prather schools Monday through Thursday evenings for adult league basketball beginning Nov. 27.

Other park district programs for which school use was authorized include the boys basketball program starting Saturday, Nov. 28, on Saturday mornings and afternoons at Coolidge, Prather and Nameoki schools; square dancing at Nameoki school on Monday nights; Parkview school on Tuesday nights; Wilson school on Wednesday nights; and Niedringhaus school on Thursday nights. A new agreement with Southern Illinois University-Southwestern campus to provide student teachers in the Granite City school system also was approved during the board session.

## First National Votes 50-Cent Quarterly Dividend

The board of directors of the First Granite City National Bank voted at their regular monthly meeting Tuesday to pay dividends of 50 cents per share on "First Bank" stock on Sept. 15 and on Dec. 15 to stockholders of Record of Sept. 8 and Dec. 8. The board said the payment

represents an increase of approximately 11% in the quarterly dividend rate that has been paid in each of the past several years.

The board also approved July bills totaling \$27,856 in the educational fund; \$119 in travel allowances; \$85 in Title II funds; \$26,261 in new construction funds; and \$50,366 in the building fund.

The July payroll amounted to \$34,846 in the educational fund and \$3870 in the building fund.

**Draft Call Tomorrow For 18 Quad-Cityans**

At an early hour tomorrow—6:30 a.m.—18 Quad-Cityans are to report to the county selective service office, 132 North Kansas

street, Edwardsville, for armed forces induction.

The group represents the largest quota for the area this year. Next month, 12 men are to be drafted on Sept. 8, and 41 are to report for pre-induction physical examinations on the same date.

**Boy Scout Fall Roundup Ready to Start**

Plans are now being made for the biggest Fall Roundup ever conducted by the Cahokia Mound Boy Scout Council. It was announced this week by Carl E. Mathias, council president, who said, "An all-out effort will be made to enlist 1800 new boys in the Scouting program during the 1967 recruitment drive."

"Scouting Rounds a Guy Out—this year's slogan will become more and more important as we open our fall campaign to add 18 new scouts daily within a 100-day period to our present Scout units," the council executive explained.

Mathias also announced the appointment of John Newlin of the Nestle Co. as the council's 1967 Roundup chairman with responsibility for coordinating the recruitment drive. Michael Day, Granite City Jaycees president, will head the Roundup campaign for the Uniwh District which encompasses Scout units in the Quad-City area.

Newlin pointed out today that reaching the goal of signing up 18 new boys each day will primarily depend upon the support of all Scout leaders. "We hope," he said, "this year's Roundup will be the most successful ever held. It will be simple and

geared to a grass roots level where every Scout can do his part."

"Our goal of 1800 new additional boys and 35 new Scout units is a real challenge. Special promotional ideas, corral night, a 'school day for Scout-ing' and new awards will be some of the selling aids, Newlin said. He added, however, that Scouting itself will be what we are really selling.

Preparations for the recruitment campaign to be conducted in the Uniwh District, together with plans for the council's overall fall Scouting program, will be reviewed at a "District Roundtable," set for 7:30 p.m. today in Shelter No. 5 in Wilson Park.

Unit leaders, assistant leaders, committee members, Den Mothers and Institutional Representatives are being urged to participate in tonight's meeting and learn about the many exciting programs planned on the 1967 schedule, Day said today.

The Council Roundup calendar and awards will be included in a program kit to be distributed to those attending the District Roundtable," he explained, adding "We hope each Cub Pack, Boy Scout troop and Explorer post will be represented at the meeting."

Tonight's Wilson Park session is one of 17 similar Roundtables being held throughout the council's jurisdiction, Newlin reported.

**New Shower, Locker Rooms Being Readied at Central**

Major remodeling projects are nearing completion at Granite City public schools in preparation for the start of the fall term on Aug. 30.

New shower rooms and locker rooms for boys and girls are being installed on the ground level at Central junior high school, 21st street and Delmar avenue, but full use of the new and improved facilities will be limited by a delay in delivery of the lockers.

Expansion and improvement of the former "cubby hole" shower rooms will be a welcome change for the physical education classes even if the lockers are not ready. In past years, the students had to stow their clothes on benches, on the floor, in corners and even on stair steps when they changed to PE garb.

Changes at High School — At the senior high school, major changes include office quarters in the old cafeteria being established for M. A. Wittwer, adult and vocational education director. The old cafeteria also will include an added storage room. A major portion of the space is utilized as a study hall.

Above the old cafeteria, Room 248, which last year was a drafting room, is being converted to meet the needs for home economics classes. Seven kitchen units are being installed in the room, complete with sinks, stoves, washers, dryers and other facilities, including ample cabinet and work counter space.

Also on the second floor at the senior high school, the library is being expanded for more book shelving and study space. A doorway to Room 302 has been installed, and the former typing room, is now a part of the library.

Only minor remodeling is taking place at Coolidge junior high, where a storage room is being made into an office for a guidance counselor. The new Paul A. Grigsby junior high at Pontoon Beach will not be ready until next year.

New asphalt playgrounds have been completed at Maryville, Marshall and Lake schools, and asphalt sealing of playgrounds is under way at Washington, McKinley, Emerson and Webster schools. Driveway improvements have been carried out at Prather junior high and at the senior high athletic field.

Painting and patch plastering is nearly completed and most other school buildings, and roof repairs are scheduled at Frohardt, Lake, Wilson, Maryville, Mitchell and Marshall schools.

## IRS Examination Deadline is Aug. 31

Jay G. Philpott, district director of Internal Revenue for central and southern Illinois, today reminded persons who wish to take the special enrollment examination in September that their applications must be submitted before Aug. 31.

The examination is to qualify persons, other than certified public accountants and attorneys who wish to represent clients in tax matters before the Internal Revenue Service.

Philpott said that details concerning the examination and application forms are available at the Springfield district office and may be obtained by calling 525-4380 or writing to Taxpayer Contact and Adjustment Section, P.O. Box 1408, Springfield, Ill., 62708.

Completed applications should be mailed to the Director, Audit Division, Internal Revenue Service, 1111 Constitution Avenue, N.W., Washington, D. C. 20224. Attention: CPA's EXAM.

Applicants residing in the Springfield district will take the two-day examination at the district headquarters office, 325 West Adams street, Springfield, on Sept. 25 and 26.

## Morris Realty Sells Plant at Caseyville

Ralph A. Morris II, of Morris Realty Co., chairman of the Industrial Development Committee of the Tri-Cities Chamber of Commerce and a member of the board of directors of Illinois Metro-East, announced today that Automotive Merchandisers, Inc., 800 Collinsville road, Collinsville, distributors of automotive parts and supplies through the Sav-Mart Stores, has purchased the former Western Fibre Co. plant in Caseyville.

The plant, which has been vacant for almost a year, consists of 60,000 square feet of one-story manufacturing and warehousing space on an approximate 24-acre site located on the west side of Highway 157 in Caseyville along the Pennsylvania Railroad. It will be used by Automotive Merchandisers, Inc., for warehousing in connection with their Sav-Mart operations.

The price was not disclosed by Morris, who said the transaction was handled by Harold Hotson of the Morris office.

## Taxpayer's Only Protest is in Assessment

Taxpayers of the Quad-City area who wish to protest new property valuations fixed for the 1967 year by their local township assessors may do so by obtaining and filing out a copy of form 204A and filing it with the Madison county Board of Review, it was explained by county tax officials.

Details of the procedure were announced with the publication of this week of the Namoli township assessment list, as determined by the township assessor, and plans for publication of other township assessments lists throughout the county in the near future.

County Treasurer John Maeras and the local assessors joined in a plea to taxpayers to watch for publication of their assessments and to file protests, if they plan to make one, within the period specified by state statutes. Deadline for filing the objection form is fixed customarily in the introductory part of the assessment.

After complaint forms are filed by taxpayers, the board of review will schedule hearings in which board members will receive testimony.

The review board is authorized by state law to make changes in local assessments, and the Illinois State Department of Revenue may change county figures by application of multiplying factors if the county-wide assessment is held not to meet certain state ratio requirements.

Madison Countyans Get More Social Security

Social security payments to residents of Madison county are higher than the average throughout the United States, according to government figures.

The larger pension checks to local residents signifies incomes have been better than average and, therefore, their contributions to pension funds have been higher.

Overall, the report shows 28,947 residents of Madison county were receiving benefits in January 1967. Amendments to the social security laws have increased the benefits and taxes as well—and have brought more workers under coverage.

## Clifford to Aid Study On Airport Authority

Jack Clifford, Madison county zoning administrator, has been appointed to a committee of the East-West Gateway Coordinating Council to study the feasibility of a metropolitan airport authority.

The committee, named by Council Chairman Lawrence K. Roos, St. Louis county supervisor, will explore the feasibility of a metropolitan airport authority and its basic financial aspects, along with costs and operational plans.

The committee will hold its first meeting Aug. 23 and has an Oct. 1 target date for making recommendations to the board of the Gateway Council.

Plans are being completed this week for the annual midsummer picnic for Granite City Jaycee members and their families. The event will be held Sunday at Springdale Park at Springdale, Mo., starting at 9 a.m., according to Peter Novachik, GC Jaycee fellowship chairman.

Facilities at the picnic site, located off Missouri Highway 21, include a swimming pool, the project chairman explained. He added that the day's menu will feature barbecue pig, hot dogs, beer and soda. Each family also is asked to provide a covered dish item.

Jaycee members wishing further details may call Mrs. Betty Lake at TR 7-4187, Novachik said.

### What's a Tomato

Is the tomato a fruit or a vegetable? This question has been debated for years.

Botanically, the tomato is a fruit, much like a berry. And yet, it is a member of the same family as potatoes and is also used as a vegetable. It has, in fact, been legally judged a vegetable.

Call them what you will, tomatoes offer palate-pleasing and eye-appealing goodness to any meal. And they're a rich source of vitamin C.

Ripe tomatoes will keep best if held uncovered in a refrigerator. If you prefer to buy green or unripened tomatoes, do not try to ripen them on a warm, sunny window sill. The heat may turn them yellow instead of red. Ripen tomatoes in good light at room temperature. Don't refrigerate unripened tomatoes, as they may become pale, watery, and soft.

### Laundry Help

#### For the Helpless Male

Before your college-bound son leaves for school, give him some tips on caring for his wardrobe. Much of the value of easy-care clothing will be lost if he's helpless in the laundry.

Proper laundering is important to appearance, fit, and durability of clothing.

Laundry instructions for men's wear frequently are included on the label sewn in the garment. However, when this instruction comes on separate tags, see that your son has these directions available at school. You might make up a laundry instruction guide for easy reference.

As you know, laundering techniques depend on the fabrics and the equipment that are being used. For example, popular napped fabrics, such as corduroy and brushed denim, should be washed inside-out to avoid collecting lint. A fabric softener and tumble drying help to restore fluff and nap.

Detailed data for hand-and-machine-washables will make the unfamiliar task of laundering simple and safe. And as an economy measure, do-it-yourself laundering can mean extra money for other purposes.

### Mulch Flower Beds Before Leaving for Vacation

Do you plan to be away from home for a week or more before summer is over? If so, you'll be wise to apply a deep mulch around your annuals, perennials and newly-planted shrubs before you go.

M. C. Carboneau, University of Illinois extension horticulturist, says that mulching helps to conserve the moisture in the soil and control weed growth. Sometimes mulches help to add organic matter to the soil.

For mulching you can use sphagnum peat moss, ground or crushed corn cobs, leaf mold or compost, partly decayed sawdust or wood chips. Whatever material you prefer, you'll get the greatest benefit if you apply it to a depth of two or three inches.

If you use corn cobs or sawdust, it's important to add extra fertilizer periodically to help speed up the decaying of these materials.

The mulch should be moist when you apply it, and the soil should be thoroughly moistened before you mulch.

Carboneau points out that gardens that are mulched regularly usually have soils that are high in organic matter—good for plant growth.

### Woman Breaks Window, Pays Fine of \$100

After receiving a report that a woman threw a rock through the front door glass at the Otto Buer grocery, 26th street and Park avenue, at 1:10 a.m. Tuesday, police arrested Mary McGriffin, 34, of 2006 East 20th street.

She was booked on suspicion of attempted burglary but later was fined \$100 on a disorderly conduct charge and was ordered to make restitution.

### Restaurant Window Shot

James Valcott, 1721 Garfield avenue, reported at 8:25 p.m. Tuesday that six holes were shot through the plate glass window of the Den, 24th and State streets, causing a crack across the entire window.

### Sycamore Trees Pop Bark Each Year

Have you noticed the pile of flaky bark around sycamore trees?

Each year these trees develop a new layer of bark, beneath the old bark. Then as the tree enlarges, the old bark falls off or is pulled off by birds and the wind.

This pile of bark may be another fault of the sycamore, but does create the smooth green and white bark some tree lovers admire.

## Quad-Cityans In the Service

### Two GC Soldiers Serving in Vietnam

Army Privates First Class Neal F. Wolfe and James L. Stephens, of Granite City are participating in "Operation Pershing" in Vietnam.

They and other members of the 1st Air Cavalry Division have evacuated more than 10,000 refugees from coastal areas to numerous refugee centers in secured areas as well as inflicting heavy damage on the Viet Cong. During the search and clear operation, the men have been engaged in dragging the C from their vast network of tunnels and bunkers. They had been driven underground by constant U. S. artillery and air strikes.

The privates, both riflemen, are assigned to Company C, 1st Battalion of the division's 5th Cavalry.

Wolfe's parents, Mr. and Mrs. Neils P. Nelson, live at 2811 Iowa street.

Stephens, 19, is the son of James O. Stephens, Rural Route One.

### Cpl. Grooms with Marine Unit in Vietnam

Marine Corporal Larry L. Grooms, son of Mr. Lawton F. Grooms of 2577 Iowa street, is serving at Phu Bai, Vietnam with the Seventh Motor Transport Battalion, a unit of the Force Logistic Command.

Since arriving in Vietnam in March 1966, Seventh Motor Transport Battalion vehicles have traveled over 1,880,000 miles, hauled more than 340,000 tons of cargo and have transported over 440,000 troops.

### Marine Johnson Trains At Camp Pendleton

Marine Pvt. Hosie L. Johnson, son of Julius Johnson of 1227 Calhoun street, has completed four weeks of combat training at the Marine Corps Base at Camp Pendleton, Calif. During more than 200 hours of training, he learned about weapons and combat techniques from combat veteran instructors. They taught him how to conduct combat patrols, detect and remove mines and booby traps and use the standard Marine Corps weapons.

He will now receive at least four weeks of specialist training before assignment to his first permanent unit. Marines going to combat units will receive detailed training in the particular combat skill for which they have been designated. Those who are going into technical fields will receive their advanced training at one of a number of technical schools across the country.

## Lawn & Garden

WAYNE B. SIEFERT  
Extension Ornamental Horticulturist  
for St. Clair and Madison Counties

### Fairy Rings in Turf

Every turf grower will occasionally see the dark green rings in turf on golf courses and parks. Usually the toadstools show up too!

These fairy rings often appear in home lawns too! They are caused by a fungus in the soil. The fungus colony starts from a single spore, and grows evenly in all directions. The fungus is not a disease, but circumstances cause grass to die.

The dark green area is due to plant nutrients (fertilizer effect) as the fungus breaks down the organic matter in the soil. Inside the green ring, the fungus mat is so dense, water cannot penetrate. This waterproof strip often causes grass to wilt and thin out. The toadstools appear along the outside edge of the dense mat. Inside the waterproof area (inside the circle) the fungus dies out and the situation returns to normal. Surviving grass grows normally and quickly spreads into the thin areas.

Control is very difficult because the fungus is underground. In home lawns, control is impractical. An application of fertilizer will avoid the appearance of the rings, by causing all the grass to develop a dark green color. Fertilizer will not destroy the mushrooms. Each year the ring will be larger, until it disappears under the sidewalk or into a neighbor's lawn.

Have you noticed dark covered areas showing up in lawns? This appears first in areas where the soil is pretty hard. Other areas are around trees.

The wilting is due to lack of moisture in the plant, but the main factors are poor root growth and nearby trees.

Compacted soil and short cutting are two reasons for poor root growth. Compacted soil prevents root penetration to the sub-soil areas where additional moisture is stored. Short cutting continually starves the plant and prevents deep root development regardless of condition of the soil.

Nearby trees are always a problem in dry weather because their deep root system removes the soil reserve well beyond the spread of the limbs.

Deep rooting of bluegrass can be promoted by airtilling the compacted areas. Local rentals often have airtilling equipment, and some lawn contractors provide this service. This equipment punches holes in the earth so air and moisture can get down to the root zone.

Adjusting the height of cut to 2½ or 3 inches will promote deeper root growth, and also help control weeds by smothering them out.

Just to be safe, make frequent spot checks for webworm. Look for chewed off clumps, and bits of green grass among the thatch. More than one per square foot is too many.

**Powdery Mildew Disease**  
If you see plants like phlox, lilac, roses and delphiniums be-

come dusty gray, it is powdery mildew.

This fungus disease appears most every year, and spoils many flowers and shrubs. Each plant has its own specie of mildew, but the disease looks the same, and the control is the same.

Control involves good fall care, and a regular spray program. The fungus spends the winter on the old leaves and stubble. With phlox and delphinium, careful pruning and burning of old stubble is useful. But all susceptible plants need regular spraying to be sure. An old standby for mildew control is wettable sulfur and dusting sulfur. A new development is Acti-Dione P. M. Both are very effective for mildew control on a broad range of flower and garden plants and shrubs. With either product, a 10-14 day spray program is most effective.

### Alton Woman to Head County GOP Group

Republican city committee officials here were advised this week of the appointment of Mrs. Doreen D. Young of Alton as Madison county coordinator for the Midwest session of the National Republican Women's conference.

Lester Thiele, city GOP treasurer, said Mrs. Young's appointment was announced in Chicago by Mrs. Maxine Polhill, who is Illinois conference chairman and Illinois state Republican vice-chairman.

The conference, which will be held on a regional basis for the first time this year, will be held in Chicago Sept. 21-23. Mrs. Young, who is the Madison County Republican chairwoman, will handle all area activities in connection with the conference that will be attended by women from Illinois and 12 surrounding states.

This year's conference is being held regionally, Mrs. Young explained, to permit more women to attend. "The conference," she said, "will be light on political shops on practical political activities for women."

Reservations may be made with Mrs. Young, who lives at 3063 Brown street, Alton, or with Mrs. Lucinda Warner, regional registrar, 278 Merton avenue, Glen Ellyn, Ill.

## Fertility Treatment Process On SIU Farm to be Explained

How an assortment of fertility treatments, tillage methods and other research practices affect the growth, disease problems and yields of corn and soybeans will be shown and discussed Sept. 1 at Southern Illinois University's Southwestern Farms Research Center in St. Clair county near Belleville. The occasion will be the third annual field day at the Center.

George Kapusta, superintendent of the center, says 17 different experiments, mostly with corn and soybeans, are under way at the 183-acre field station. They include an assortment of fertilizer studies, soybean variety tests, weed control experiments, time and placement of nitrogen fertilizers and vertical tillage studies on corn, work on stem rot and other diseases of soybeans, and some work with sudangrass and forage sorghums. Discussion and tours of the plots will start at 1 p.m.

Sixteen commercial firms have provided financial support, supplies or the use of special equipment during the last three years

to help further research by staff members and graduate students of the SIU plant industries department and other university departments and agencies, Kapusta says.

The property was received in 1963 from the U. S. Department of Health, Education and Welfare Surplus Property Utilization Division. Previously it had served as an ammunition storage site for the adjacent Scott Air Force Base. SIU activated the center as a research station in 1964 to serve that part of the

state. The center is on Route 161 opposite the south gate of Scott Air Force Base.

## New Mobile Art Museum to be Initiated Aug. 28

Illinois' new Art Mobile will be dedicated at Springfield Monday, Aug. 28, and the unique unit will be placed on display from 6:30 p.m. until 9 p.m. at the Illinois State Museum, according to announcement by Ray Page, state superintendent of public instruction.

The unit will be previewed by the news media during the afternoon, with a press conference scheduled at 3 p.m. at the museum. The unit, first of its kind in the nation, contains a collection of original art from Egyptian to contemporary times. The work is loaned by five major galleries including the Art Institute of Chicago, National Gallery of Art in Washington, D. C., the Kramert Art Museum of the University of Illinois, Field Museum of Chicago and the Olsen Foundation.

Purpose of the unit is to bring original art to children and adults in Illinois, to serve as an inservice center for teachers and as a mobile community art museum. Its construction was sponsored by the Office of the Superintendent of Public Instruction in Illinois, the U. S. Office of Education and Educational Facilities.

The traveling unit is a re-Laboratories, Inc. search prototype in innovative ideas concerning mobile construction and has been designed as a model for other units. It is fully equipped with the latest audio devices, is 33 feet long, ten feet wide and equipped with movable walls to provide a bay and a porch. It is air-conditioned, burglar-proof and fire-proof.

After its initial showing the mobile museum will be scheduled for appearance in various parts of the state.

### Cut on Both Arms

## School District Borrowing Almost Certain This Year

A return to borrowing procedures through sale of anticipation warrants "is a very real probability" for the Granite City school district this year.

The school board was informed at its regular meeting Monday night. What is more, the board was told, an even more extended dependence upon anticipation warrants for school financing appears "most probable" for the approaching 1968-69 year because of steadily increasing costs in school operation.

The warning was given in a budget summary submitted to the board of education by school comptroller Victor Andersen in presentation of a new 1967-68 operating budget totaling \$9,939,800. The new budget is up \$1,073,113 over last year's appropriation total of \$8,866,687.

The 1966-67 appropriation approved a year ago was an increase of \$736,902 over the previous budget of \$8,089,785. Thus, budgeted operating costs for the Granite City school district have increased \$1,810,015 in a two year period.

"While the currently proposed budget is self sustaining on an accrual basis, the fact that much of the cash needed for support of such budget comes from the tax levy of the preceding year makes some borrowing almost a certainty in 1967-68."

"With steadily increasing costs substantial increase in anticipation warrant issuance in fiscal year would seem most probable."

In his budget summary, Andersen told the board: "The district has operated during the period of July 1963 through June 1967 without the

## Enrollment Schedules Under Way for New Pupils in Area

Local school superintendents, mindful of the start of schools this month, are urging parents whose youngsters are not enrolled, to register them as soon as possible in accordance with the schedules announced this week.

Enrollment as early as possible is requested so that proper class registrations can be completed.

New junior and senior high school students should enroll as soon as possible at the attendance center in their area, the superintendents said. Additional information may be obtained by calling the school board office, TR 6-6600 for Granite City, TR 7-1712 for Madison, and GL 1-7553 for Venice.

Elementary school pre-registration in the Granite City district will be held Tuesday and Friday, Aug. 22 and 25, from 9 a.m. till 11:30 a.m. and from 1 p.m. to 3 p.m. at the schools.

Madison school district is conducting registration sessions for all unenrolled new elementary day, Aug. 21 and 22, from 9 a.m. students on Monday and Tuesday until noon.

New students to the Venice district should enroll Aug. 21 from 9 a.m. to noon and from

1 p.m. to 3 p.m. Children who have not exceeded the age of five by the end of 1967 may enroll for Venice kindergarten during the same time periods on Wednesday, Aug. 23.

Kindergarten age children in the Madison district should be

enrolled along with other new students on Aug. 21 and 22. Both Madison and Venice school districts require medical certificates for entering kindergarten children.

Madison school district also requires medical certificates for

first graders and for new students in grades 5 through 9.

Yearly accident insurance fees for Madison students will be \$4 for in-school coverage and \$14 for round-the-clock coverage, the Madison school district announced.

ENGAGED, Miss Helen J. Hildebrandt, daughter of Mr. and Mrs. John J. Hildebrandt, whose betrothal to Richard W. Carter, a son of Mrs. Margaret Carter of Edwardsville and the late Shelton W. Carter, is announced.

### Summer Wedding Is Planned

The engagement of Miss Helen J. Hildebrandt and Richard W. Carter is announced by the former's parents, Mr. and Mrs. John J. Hildebrandt of East St. Louis. The bride-elect's father is superintendent of the Granite City Water Pollution Control plant.

Miss Hildebrandt, a graduate of St. Teresa Academy in East St. Louis, presently is enrolled at Southern Illinois University-Southwestern campus. She is a member of the Civil Air Patrol and the Psychology Club at the University.

Her fiancé is the son of Mrs. Margaret Carter of Edwardsville and the late Shelton W. Carter. A graduate of Edwardsville high school, he will be graduated from Southern Illinois University in December as a psychology major. Mr. Carter serves as president of the SIU Psychology Club and is a member of the Sociology Club. Plans are being made for a 1968 summer wedding.

### GEORGEFF FAMILY VISITS EXPO '67

Mr. and Mrs. Vasil Georgeff and children, Vicki and Mark, 1347 Grand avenue, Madison, returned Monday from a three-week vacation during which time they visited Expo '67 in Montreal, Canada, and relatives and friends in Toronto, Ont., Michigan, Ohio and Pennsylvania.

While in Detroit, the local family were guests of former Granite Cityan, Link Naumoff, who is a director of school bands in the Detroit area. They also visited Georgeff's brother, Nick Georgeff and family in Akron, O., cousin in Toronto and Mrs. Georgeff's mother and other relatives in Harrisburg, Pa.

MR. AND MRS. LESLIE GENE DAVIS, whose recent wedding took place in Maryland. The bride is the former Miss Linda Barrett, daughter of Mr. and Mrs. J. J. Barrett of Timonium, Md. The bridegroom's parents are Mr. and Mrs. Nathaniel Davis sr., 2130 Johnson road.

### Barrett-Davis Wedding

Mr. and Mrs. J. J. Barrett of Timonium, near Cambridge, Md., are announcing the recent marriage of their only daughter, Linda, to Leslie (Gene) Davis, a son of Mr. and Mrs. Nathaniel Davis sr., 2130 Johnson road. The couple is expected to arrive in Granite City the first week in September to visit relatives here.

An electrical engineer with the Engineering Division of Reynolds Metal Products, located at Richmond, Va., the bridegroom was graduated from the local high school. He received a degree in electrical engineering from the University of Missouri Engineering School at Rolla, Mo., and also attended courses at New York City University.

### WUEBBLES ENTERTAIN CHICAGO GUESTS

Guests this week in the home of Mr. and Mrs. Ray Wuebbles, 2421 Benton street, were Mrs. Mattie Schilling of Chicago, an aunt of Mrs. Wuebbles, and her son, Joe.

While here, the visitors also visited Mr. and Mrs. Joseph Stockle of Millstadt.

## Stomp Out Cigaret Before Taking Nap

"Put out your cigarette or cigar before you lie down for a nap. Failure to do so can bring tragedy to you and your family," the Quad-City Safety Council warns. All too frequently, people doze off while smoking in bed, or on a couch or sofa, and accidentally set fire to their premises. Before anyone is aware that something is burning, toxic gases produced by the fire may asphyxiate you and others asleep nearby, the Council points out.

Hardly a day passes that tragedy in this manner doesn't strike some family. All kinds of fires take a heavy toll of American lives each year: in 1966 more than 12,000 persons lost their lives in fires, and more than 2000 of these were children.

## State Capitol NEWS

### Migrants Assisted

The first government-assisted housing for migrant laborers has moved a major step forward in Illinois.

Richard E. Blakey, managing director of the State Housing Board, has announced the Farmers Home Administration has approved the agency's first loan to house farm workers in Illinois. The project will be located on a 20-acre site one-half mile west of Cobden, which was recently purchased by the association.

The loan of \$150,000, together with a \$150,000 grant, will enable the association to construct decent, safe, sanitary housing for migrant farm workers and their dependents working in the fruit and vegetable-growing areas of Union-Jackson county. It will

provide housing for approximately 300 people.

In addition to the housing facilities for worker families, the project includes modern toilet and shower facilities, laundry rooms, a home for the camp manager and office space for the Illinois State Employment Service. The camp will provide its own water and sanitary disposal system, using water purchased from the City of Cobden.

### Traffic Deaths Down

July traffic deaths totaled 188, according to provisional reports released by the Illinois Division of Highways and the State Highway Police. This is a decrease of 16% from the 224 reported in the same month last year, according to Francis S. Lorenz, Illinois public works director.

Late reports and delayed deaths have increased the May total to 236 and the June total to 217. The death toll for the first seven months, which now stands at 1385, represents a decrease of five per cent from the 1371 for the same period during 1966. Water Conditions Good

August has started out with considerable variability but generally favorable water conditions across Illinois, William C. Ackerman, chief of the Illinois Water Survey, has reported.

Differences result from extremely variable July rainfall—over 12 inches at some places in the state and less than two inches at others. Most of the rain occurred in the last half of the month.

Western Illinois averaged 7.5 inches of rain in July, but Avon and Griggsville received over 12 inches. The three-month totals, for May-July, in western and southwestern areas ranged from 3.5 to 4.5 inches above normal.

Across the state in East-Central Illinois, Danville and a few other communities had less than two inches of rain in July. However, most of the east-central area, as well as Northern Illinois, averaged three inches for the month, only one-half inch below normal.

East-Central Illinois has been the driest part of the state for the last three months, with a cumulative total about 2.5 inches

below its normal of 11.8 inches for these months.

Southern Illinois averaged 5.5 inches for July and is running 1.5 to two inches above normal for the May-July period.

All water-supply reservoirs in the state were in good condition at the end of July, as yet showing little seasonal decline, Ackerman said.

### For Hunters

Ten state-owned management areas operated by the Illinois Department of Conservation will be open for the shotgun hunting of squirrels and doves Sept. 15. Squirrel hunting of these areas will be permitted from sunrise to noon, CST, daily, Sept. 15-Nov. 5. Dove hunting will be from

Sept. 15 to Nov. 9 with the shooting hours from 1 p.m. to 4 p.m., CST.

The areas open are: Hamilton County Conservation Area, Lake Argyle State Park Management Area (McDonough county), Lake Ramsey State Park Management Area (Fayette county), McLean County Conservation Area, Randolph County Conservation Area, Red Hills State Park Management Area (Lawrence county), Saline County Conservation Area, Sam Dale Lake Conservation Area (Wayne county), Sam Parr State Park Management Area (Jasper county) and Stephen A. Forbes State Park Management Area (Marion county).

### Wedding Ring Lost

Joseph Willis, 2425 Roney drive, reported at 10 a.m. Tuesday that he lost a man's wedding ring with diamonds, valued at \$67, in the rest room of Clark's service station, 20th street and Madison avenue, on Monday.

### DEPT EXPRESSES APOLOGY TO VETERAN GROUPS

To the Editor:  
Dear Mr. Townsend and the Officers and Members of All Quad-Cities Veteran Organizations:

On behalf of the officers, enlisted men, civilian employees, and dependents of the Granite City Army Depot, I wish to express our deep-felt apologies and sincere regrets for local Veteran Organizations officers not receiving invitations to be present at the reviewing stand on the occasion of the 25th Anniversary Celebration of the Depot.

The failure was an oversight, I assure you, and a human error. Last March, I directed my staff, in writing, to include members of the Veterans Organizations, among the civic officials, to be with us on the reviewing stand. Unfortunately, due to the transfer of several key staff members and the issuance of many hundreds of special invitations, the Veterans Organizations were "lost in the shuffle." Nevertheless, I assume personal responsibility for the serious mistake because I did not, personally, follow-up to see that my instructions were carried out to the letter.

I was very surprised and disappointed when I mounted the reviewing stand on Aug. 1, 1967, to note the absence of the Veterans Organizations leaders, and so remarked to my Deputy, Lt. Colonel David V. Fox, and to our other distinguished guests.

We at the Depot, I believe, have a proud record of supporting all the various Veteran Organizations and their many patriotic activities. It is my strong intention that this record shall continue through the future years. These organizations contribute significantly to the greatness of our Nation and, working together with the Depot and the civic organizations of this progressive community, should continue in their efforts to make the Quad-Cities area a better, happier, and more prosperous place in which to live and serve.

The Granite City Army Depot, with its many employees who are members of the various Veteran Organizations, are proud of you and deeply regret this mistake. I sincerely trust that all Veterans are always, as in the past, welcome anytime to our installation, and each will always be received here as a "Very Important Person."

Please forgive us for this one day.

We also wish to thank the Granite City Press-Record for its generous and comprehensive publicity of the event and its editorial support on our behalf. I intend to call on all the citizens of the area to join with us in celebrating our happy Silver Anniversary. We are proud of our community and wish always for you to be proud of us.

Sincerely yours,  
CHARLES E. HOSKIN III  
Colonel, U.S. Army  
Commanding

## The Killjoys Are Still At It

(Madison, N. Car., Messenger)

The killjoys are ever at it. Time out of mind they have fought the cup that cheers albeit no great leader of the race, since the dawn of time, has failed to quaff it.

More recently they have put the kiss of death on cigarettes in spite of the fact that insurance mortality tables indicate no lengthening expectancy for man. Sniffing glue, while relatively new, is coming in for its knicker, too, and probably justly. It doesn't sound attractive even to adventuresome coppers like us.

Same for flights of fancy on LSD. What really bugs us is the present trend toward suspicion of pollution and poison in everything about us.

Only recently, researchers have been busy proving that the air we breathe is filled with noxious pollutants, not to mention bone-melting nuclear fallout.

We assure you that the mere breathing of air is in itself dangerous business. Unfortunately, they offer us no constructive alternative.

Water, too, long has been suspect. If we drink water out of the branch, we can expect to die forthwith from dysentery or some other hideous affliction.

If we drink water out of the tap, our life expectancy may be slightly expanded, but it is understood that the chlorine will get us in the end. And, of course, there is fluorine in the water, the case supposedly is hopeless.

Our food, we are constantly reminded by bumper stickers, is subject to all manner of pollution.

## Withholding Tax, Gifts Discussed

This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers the questions most frequently asked by taxpayers.

Q—My wife and I both work. Can I claim her exemption for income tax withholding purposes?

A—Yes, you can if she does not also claim her exemption. The law does not permit two taxpayers to claim the same exemption.

Q—To make a change in the number of exemptions claimed, file new withholding allowances, Form W-4, with your employer.

If you decide to take your wife's exemption, she must file Form W-4 to drop her exemption with her employer.

Q—Do I have to keep track of the value of our wedding gifts for tax purposes?

A—No, these gifts won't be taxable to you.

Q—Are there any booklets that explain the federal tax on trucks?

A—The highway use tax on motor vehicles is explained in Publication No. 349, "Federal Tax on Trucks, Truck Tractors and Buses. Send a postcard to your district office for a free copy.

dent taxed on income earned in the U. S.

A—Money earned in this country is taxable to the taxpayer. Details on what U. S. taxes a foreign national may be liable for are contained in the booklet, Document No. 5588, "Tax Advice for Foreign Scholars and Visitors on Official Educational and Cultural Exchange Programs," available at IRS district offices.

Change of Address

Q—I moved my business to a new location last spring but I'm still getting tax forms mailed to my old address. How can I get this changed?

A—When you file your next return use the pre-addressed form, but draw through your old address and write the new one in its place. This will enable us to identify the mailing information we have for you in our files and to bring it up to date.

Q—My girl friend told me that I have to pay Social Security tax on any tips I make while waiting tables this summer. Is that right?

A—Tips have always been considered taxable income, but until last year they did not count for Social Security purposes. Congress changed the law, effective Jan. 1, 1966, tips have had to be reported to the employer for withholding purposes.

Based on these monthly reports, income tax and Social Security taxes will be withheld from the employee's regular wages. You will find details on this in Document No. 6649, "Re-

## 359 Quad-City June HS Grads Planning to Go to College

A total of 359 June 1967 graduates of local senior high schools are planning to attend college this fall.

Granite City high school boasts the largest contingent and percentage of college-bound students. Out of 663 graduating seniors 278, or 41%, will be heading for college in the coming weeks.

Madison high school has 44 out of a class of 126—a percentage of 35%—entering into college, while Venice high school has 14 out of 44, or a percentage of 31.8%.

A complete list of Assumption high school's and St. Theresa's Academy's college-bound graduates is not available, but at least 13 local graduates at St. Theresa's, and eight Quad-Cityans at Assumption, are known to be entering colleges this fall.

The following list of area students and their prospective colleges may not be final in all cases. The list is based on the students' first choices of destination as reported to their high schools in June. St. Theresa's and Assumption did not have an available record of where their college-bound students were planning to attend.

## Exams Set Saturday For Peace Corps

Quad-City residents interested in serving with the Peace Corps in developing nations can take the Peace Corps Placement Test at 1:30 p.m. Saturday at Room 1719, Federal Building, 1520 Market street, St. Louis.

The test measures general aptitude and ability to learn a foreign language, not education or achievement. It is given to determine where and how an applicant will be happiest and best utilized overseas. The test requires no preparation and is non-competitive; an applicant can neither pass nor fail. The test takes approximately one hour and a half.

Persons interested in serving with the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before the test. Application forms are available from local post offices or from the Peace Corps in Washington, D.C. 20525.

Fifteen thousand Peace Corps volunteers with widely varying backgrounds are currently serving in 56 developing nations in the Pacific. They are working with the people of these nations in self help projects ranging from food production and health to education and community action.

## Son of Local Pastor On 'Teen Team' Tour

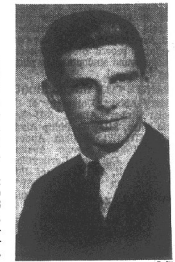

Bryan Widbin, 18, son of Rev. Robert Widbin, pastor of Bethel Evangelical Free Church, 4397 Highway 162, Stallings, has been selected to represent Youth for Christ International as a member of a "Teen Team" which will tour several Scandinavian countries this fall.

One of a group of five or six young Americans chosen to make the tour, Widbin is a 1966 graduate of Riteour high school, St. Louis. He will begin his sophomore year at John Brown University, Siloam Springs, Ark., late this year.

Scheduled to leave St. Louis the first week in September, the "Teen Team" members' travel itinerary includes visits to Germany, Sweden, Switzerland and Denmark. Present plans call for their return here in late December.

Those selected to make the trip are highly rated for an ability to "get along with others" and for a "consistency of Christian character." It was explained. Purpose of the tour is to witness for Jesus Christ.

The Widbin youth and other members of the team will attend 7 p.m. services Sunday at the Bethel Evangelical Free Church, the pastor announced today. Rev. and Mrs. Widbin reside in St. Louis county. The former has served as minister at the local church for several years.

## Changes in SIU Greek Groups are Recommended

Do fraternities and sororities serve a useful purpose in today's universities?

Yes, says a study commission at Southern Illinois University, Carbondale. It recommends, provided important changes are made, a gradual increase in the number authorized at the Carbondale campus.

The commission was created by university President Doyte W. Morris to study the record of the 13 Greek letter fraternal organizations on campus and to survey the experience of other large institutions. Its 26-page report sums up advantages and disadvantages.

The eight fraternities and five sororities now on campus occupy university-owned buildings in the small group housing area west of the main campus.

The commission met with house mothers, Interfraternity Council and PanHellenic Council members, and officials of the Student Affairs Office. It tabulated results of questionnaires sent to other universities. It found:

**Group Identification**  
Greek letter (social) organizations provide group identification in a large university; provide leadership training and healthy social activities; teach social graces; provide a melting pot for students from various levels of economic life; and lead in the support of student activities.

Criticism of fraternities and sororities stems from administrative staff neglect, lack of enthusiastic faculty advisement, lack of leadership and moral values, and a hanging on of racial prejudice. They have suffered from misunderstandings and poor communications between the Greeks and university administrative staff on rules and regulations, publicity which calls attention to the escapades rather

than the services performed, inability to build member morale through recognition and praise from the university, and the use of "housemothers" rather than trained advisers.

**Increase Houses**  
Commission members felt the negative factors could be removed at SIU through wise actions by the administrative staff, the interfraternity and sorority governing groups, and by the organizations themselves. The report suggested authorization of one new fraternity and sorority per year until 10 to 15% rather than the present 6% of the student body could be accommodated.

The eight-member commission was composed of faculty, staff and students.

President Morris, in accepting the report, asked commission members to continue their work by recommending plans for correcting the problems which they had noted. He cited such problems as scholarship difficulties for pledges, disruption of housing schedules because of the timing of pledging activities, inadequate residential occupancy of the Greek Row housing, off-campus, underage drinking, continued segregation, and excessive non-residential membership.

As for the university, Morris said the commission would consider developing a better working arrangement with the Office of Student Affairs, professional-level supervision in housing, and a clearer identification of the university's relations to the fraternal organizations.

The report and the suggestions for implementing it will be reviewed by the various councils of the university, Morris said. He hoped some changes could be instituted during the fall quarter.

## Graduate Record Exams Set at Local Campus

At least 30 applications must be submitted to Southern Illinois University's counseling and teaching center at the Southwest campus by Sept. 22 to ensure that the graduate record examinations are conducted at the campus the following month. "Otherwise," states Richard P. Walsh, assistant professor in counseling and testing, "applicants will have to take the tests at one of the St. Louis universities."

With the deadline not far off and the exam set for Oct. 28 at SIU-SW and throughout the country, Walsh is urging prospective candidates to register with the campus center as soon as possible.

The graduate record examinations are required or recommended for admission to many American and Canadian graduate schools and for graduate fellowship awards. Candidates are advised to seek information from their graduate schools or fellowship committees on which tests to take. The program offers an aptitude test of general scholastic aptitude and tests in 21 major fields of study.

Candidates may take the aptitude test and any one advanced test on any one of the six national

wide testing dates. Besides Oct. 28, the testing schedule reads: Dec. 9, Jan. 20, Feb. 24, April 27 and July 13.

## May Join Engineers to Research for Degrees

Graduate students who have completed course work for their degrees at Southern Illinois University at Carbondale can work and do research with the U. S. Army Corps of Engineers under an agreement between SIU and the St. Louis district of the corps, it was announced yesterday.

Stephen F. Nielsen, assistant coordinator in the university's Office of Research and Projects, said master and Ph.D. candidates who have completed degree requirements except thesis or dissertation are eligible for employment by the Corps of Engineers in the area of the student's specialty.

Purpose of the program, Nielsen said, is to provide the student with support and work experience that pertains to the research for the thesis or dissertation. The student will have access to equipment and information sources within the corps, including technical services and official files.

## SIU-SW, SIU Graduations To be Held Early September

Clark M. Eichelberger, an executive in world peace organizations since the early 1920's, will be awarded an honorary Doctor of Laws degree by Southern Illinois University at summer commencement exercises at Carbondale Sept. 2.

Eichelberger, a native of Freeport, is chairman of the Commission to Study the Organization of Peace and has written four books on the United Nations. He was active in League of Nations groups and is a former U. S. State Department consultant.

An estimated 1200 Carbondale Campus students will receive degrees at the ceremonies, which are scheduled for 7:30 p.m. in the SIU Arena.

Commencement speaker will be C. Addison Hickman, Vandeventer Professor of Economics at SIU. He is the president-elect of the American Association for

Higher Education.

The summer exercises will see one major change from graduation ceremonies of the past. Associate and bachelor's degree candidates will not cross the speaker's platform individually to receive degrees. They'll be recognized in groups, by schools and colleges.

Master's and Ph.D. degree graduates will be cited individually at the platform.

Commencement at new Southwestern Campus will be Sept. 1.

## YMCA Campus Camp For U. of I. Freshmen

Young men and women enrolling at the University of Illinois at Champaign are invited to attend the annual YMCA Freshman Conference Sept. 12 at East Bay Camp near Champaign for the purposes of orientation to campus life.

Enrollment is limited to 350 students. Additional information is available at the local YMCA through Marvin E. VanMetre, adult program director.

## Mayor Partney Outlines Way to Avoid 'Red Ink Spending'

Mayor Partney, in his monthly report to Granite Cityans, stressed today his program to keep the city from going into "red ink spending."

"To the citizens of Granite City, this is my monthly report of a progressive city."

"One of the many objectives of your mayor has been to keep the public informed of the goals and accomplishments of the city government. To the average citizen, city government is measured in terms of the service he receives."

"Supervising and coordinating the operations of the public service departments was such a way to receive the highest degree of uniform efficiency laid under the administrative responsibility of the mayor's office."

"The mayor's office is charged with the responsibility of initiating administrative policy, recommending and enforcing legislative policy, and coordinating all the activities of the various city departments and divisions, being ever mindful of the needs of Granite City and their citizens."

"In the budget for fiscal year 1967-1968, I also used the veto powers of the mayor's office, in order to stay within our income, by vetoing \$108,550. There is \$59,700 of this amount that

should be used from Motor Fuel Tax Funds, when they become available, and also, a number of our streets will be torn up this year, due to our sewer program."

"It seems to be a problem for so to get through to the aldermen facts pertaining to our financial status and that we must stay within our income, as a motion was made by Alderman Boyd and seconded by Alderman Paulos to override the mayor's veto. Roll call vote was Dallas, Moerlein, Boyd, Paulos, Green, Basarich, Parmley, Robertson, Daves and Johnson voting "aye." Bartosik, Whitmer, Rutledge, Fry and Jarrett voting "nay." Motion was lost to override the veto, due to the fact that it takes 11 votes to override a veto.

"We all know that in municipal government today, it is almost impossible to operate without ways been my belief that we state and federal aid. It has also should operate as close to our income as possible and in the interest of the taxpayer, and that the reduction of an appropriation is rather for the taxpayer's benefit in its tendency to lessen the burden of taxation. I hope this answers some of the questions of why it becomes necessary to veto some of the aldermen's projects."

"I extend my welcome to all citizens to attend council meetings on the first, third and fourth Mondays of each month to see your government in action."

Sincerely,  
DONALD PARTNEY

## Propose Organization Of Soft Wheat Farmers

Madison county farmers who raise soft red winter wheat have been asked to fill out and return a survey form concerning the need for a marketing organization for growers of the wheat.

Delmar Nungesser, chairman of the Marketing committee at Edwardsville, said any soft wheat producer who did not receive a questionnaire may obtain one at the Farm Bureau office at Edwardsville.

He said a number of farmers have expressed interest in organizing soft wheat growers in an attempt to achieve higher prices and to keep better informed on marketing conditions.

## Anthony Tadich, 70, Collapses at Home, Dies

Anthony Tadich, 70, of 1227 Meridian street, suffered an apparent heart attack early Tuesday evening at his home. He was pronounced dead upon arrival at St. Elizabeth Hospital at 7:32 p.m. Tuesday.

Mr. Tadich had not complained of feeling ill prior to his collapse. However, he had been under a physician's care for the past 18 months. Earlier Tuesday he had attended church and visited at the home of a daughter. He was taken by ambulance to St. Elizabeth Hospital.

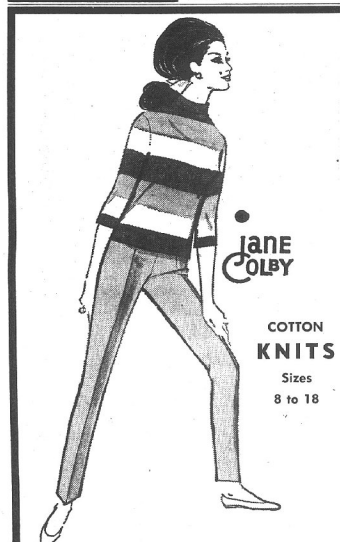

Before retirement on Jan. 11, 1963, Mr. Tadich had been employed 44 years in the open hearth department of Granite City Steel Co. He was born in Yugoslavia and had resided in the Quad-Cities for 55 years. He was a member of St. Joseph's Roman Catholic Church, Lodge Velebit 222, Croatian Fraternal Union; and the United Steelworkers of America, Local 16.

Among the survivors are his wife, Mrs. Frances (Brisk) Tadich; three daughters, Mrs. Fred (Agnes) Feldworth of Madison, Mrs. John (Ann) Sleka of Granite City and Mrs. Joseph (Mary) Brlek of Alton, Mo.; seven grandchildren and five great-grandchildren. Two sisters in Yugoslavia also survive.

Funeral arrangements are given in today's obituary column.

## UNITED NAZARENE TENT CRUSADE

Reviving the uniqueness of the Evangelistic tent meeting, Morris Chalfant will be speaking in the Greater E. St. Louis - Alton Nazarene Tent Crusade. The first service will be August 18, running through August 27, 1967. This Crusade is sponsored by the E. St. Louis Zone Nazarene Churches and those of the surrounding area. The tent is being pitched at the junction of highway 11 and old 40, in Fairmont City and services start at 7:30 nightly.

The inspiration for the tent Crusade came from the evangelist's father, the late Dr. E. O. Chalfant. The elder Chalfant served for more than 40 years as a Nazarene pastor and District Superintendent in Indiana and Illinois, and participated in many tent meetings in the two state areas.

The tent will seat over 1200 people, Mr. Chalfant said. Music for the Crusade will be directed by song evangelists Keith and Pat Showalter from Kanakake, Ill. They will direct the Crusade Choir, which will be composed of 100 voices. The Tabular Quartet will be featured Sunday night, August 20 and for every service thereafter.

Mr. Chalfant, from Danville, Illinois, is a minister in the Church of the Nazarene, and was graduated from Northwest Nazarene College, Nampa, Idaho. He served as a pastor of Nazarene churches in Havana, Illinois, Eureka, Illinois, Bartlesville, Oklahoma, and Seattle, Washington. In two of these congregations he led in the building of their new church sanctuaries.

He was appointed missionary to Johannesburg, South Africa, where he pioneered a new mission field among the colored population. He also led in the construction of several new church buildings.

During a New Year's Eve visit to one of his churches he was surrounded by 200 Mau Maus determined to kill him. The missionary was able to face the leaders down and to persuade them to release him. The missionary later had his missionary home invaded by deadly killer snakes and Mrs. Chalfant narrowly escaped being struck.

Mr. Chalfant now serves as a full time evangelist in the Church of the Nazarene. He is a frequent speaker at service clubs and other civic groups.

Mr. Allen Dace, Crusade Chairman and pastor of the Church of the Nazarene in Roxana states, "The Nazarene churches and its pastors extend a hearty welcome to you and your friends to this old-fashioned united tent crusade. Each and every service will be filled with good things: spiritual songs, choruses, special music by the choir and others, and best of all, the presence of God. Be sure to be at the opening service."

## Federal Program

### Former GC Coach to Aid SIU in 'Talent Search'

A federally-sponsored project to seek out downstate Illinois youths who ought to be in college—and to help them get there—has been staffed and set up in an off-campus office at Southern Illinois University, Carbondale.

Billy G. Pyle, an SIU graduate and former Granite City high school coach, will direct the "Talent Search" project. His assistant will be John C. Morse, a graduate of DePaul University who has been a graduate intern in the SIU registrar's office for the past two years.

Twelve other Illinois colleges and universities are participating with SIU in the Talent Search. It has received a \$50,000 grant from the U. S. Office of Education.

Main purpose will be to locate talented, out-of-school rural youths in the 50 southernmost counties of Illinois, and to help them to go to college. At the same time, an analysis of reasons by Search targets didn't continue their education will be made through the SIU Data Processing and Computing Center. Results and information will be made available to high schools for guidance purposes.

Another objective is development of experimental techniques for advising potential drop-outs and focusing their objectives on education beyond high school.

Pyle has been pre-college counselor in the SIU registrar's office for the past year. He is a native of Harrisburg and previously coached and taught at Zeigler, Johnston City and Granite City. His wife, the former Maxine Wilson of Mobile, Ala., is a Johnston City high school business teacher.

The Talent Search office has been located at 910 Wall street. Other participating schools are Blackburn College, Illinois College, MacMurray College, Millikin University, Monticello College, Mt. Vernon Community College, Kaskaskia Junior College, Wabash Valley College, Principia College, Quincy College, McKendree College and Olney Community College.

## Motorist Charged After Mishap in Procession

John DuBoise, 2728 Washington avenue, was charged with failure to yield right-of-way at the Pontoon-Namecki roads intersection, where his auto struck the left front of an auto being driven in a funeral procession by Marian Hoy, 3111 Yale place, Tuesday morning.

Police, who were at the intersection to provide an escort for the northbound procession, said DuBoise was traveling east. There was no damage to his auto.

## Autos Collide

Autos driven by Gilbert Sykes, 3012 Buxton avenue, who was traveling north and making a right turn, and Virgil Rozals, 721 Twenty-seventh place, who was going east, were involved in a collision Tuesday morning at 21st street and Grand avenue.

## Hospital Here Gets Citation From VP Hubert H. Humphrey

St. Elizabeth Hospital this week received a citation from Vice-President Hubert H. Humphrey, awarded the hospital for its participation in the President's Youth Opportunity Campaign.

Bernard Pinney, personnel director, said, "The hospital has provided 28 summer jobs to youth between the ages of 16 and 21 since the inception of the campaign in 1965."

Young people seeking summer employment receive assistance in acquiring jobs with business firms who participate in the campaign by contacting the Illinois State Employment Service office, located at 21st and Iowa streets, Pinney explained.
